DREAM COMES TRUE FOR FIRE CHIEF

San Anselmo Fire Chief Nello Marcucci (third from left) was all smiles today as he directed moving of equipment into the Hub City's new No. 2 fire station at Butterfield Road and Arroyo Avenue. Chief Marcucci had urged building of a second station for more than a decade before the $65,000 project was undertaken. Standing with Marcucci are Asst. Chief Frank Sousa and City Administrator Douglas J. Flautt. Signalling truck at right is Fireman Steve Norris. Building was erected by Joseph R. Filippo, San Rafael contractor, for San Anselmo Firehouse Building Corp., nonprofit organization which leases it to the city under lease-purchase plan. (Independent-Journal photo)

BELVEDERE ANNEXATION STUDY ORDERED

Tiburon Incorporation Challenged

By DEEDEE ABRAMSON

Challenging the objectivity and motives of the Tiburon Peninsula Coordinating Council's committee on incorporation, a small group of Tiburon residents last night ordered a professional study of annexation of a portion of Tiburon to Belvedere.

The eight men hired the research consultant firm of Griffenhagen-Kroger, Inc., of San Francisco, to be represented by Charles E. Rains. The study is expected to cost about $750. The committee indicated the money could be raised, and the study was ordered.

The area to be studied, in excess of 800 acres, will include Lyford's Cove, Hillhaven, Red Hill, Rolling Hills and the 19 acres of the downtown Tiburon district.

"Roughly, the area is from the intersection of San Rafael Avenue and Tiburon Boulevard, up the hill to Mount Tiburon and down to Keil Cove," said committee member Robert A. Sterling. The boundaries approximate those of the Tiburon Sanitary District, of which Sterling is secretary.

Asked what Belvedere would think of the proposed annexation, Mayor Robert P. Watkins said: "My interests are the interests of Belvedere . . . Belvedere wants information. Complete facts on a good, sound financial basis should be presented to the council. We are a maritime community and have peculiar interests to the rest of the county."

Committee member William S. Johnstone, president of the Tiburon Chamber of Commerce, will ask the Belvedere City Council at Monday night's meeting if it will support the study and pledge one-third of the cost.

"The annexation must be of mutual benefit," said Belvedere Councilman John H. Flint. "We are behind the eight ball now in the Reed Union School District because we have 22 per cent of the population and

NAME MANZANITA URGED FOR 'NEW' MARIN CITY

Marin City may become Manzanita.

Bert Klahn, executive director of the Marin County Housing Authority and Redevelopment Agency, said he will propose that name change at meetings of the board which governs both agencies Monday.

Klahn, who urged the same name change without success four years ago, said it is especially timely now when the area is undergoing "rebirth from a slum area into an outstanding community."

He pointed out that Manzanita is the geographical name for the area on maps and was a former station name on the Northwestern Pacific Railroad. Also, he pointed out, "Marin City" is a misnomer since the community is not an incorporated city.

"The most pleasant day of my life will be when the identification sign on the highway, 'Marin City,' is replaced with something to give our community more meaning and stature," declared Klahn.

Pirate Ship Chief Concedes Defeat

SAFE IN BRAZIL—Mr. and Mrs. Eben Baty of Paradise Cove, Tiburon, are shown at Recife, Brazil, after alighting from the Portuguese liner Santa Maria, which was seized by Gen. Henrique Galvao and his followers on the high seas. (UPI Telephoto via radio)

Accepts Brazil Asylum

RECIFE, Brazil (AP) — Rebel leader Henrique Galvao conceded defeat today aboard the Santa Maria and accepted asylum from the Brazilian government. But although he admitted defeat of the attempted seaborne revolution against Portugal, he claimed a moral victory. (See story on page 2.)

The decision was reached in negotiations with Brazilian authorities aboard the liner in Recife harbor.

REBELS DISARMED

Brazilian marines were in command of the ship and Galvao's band of rebels was disarmed.

At the same time, Galvao faced legal action in a Brazilian court from the hijacked ship's owners, who want him charged with homicide, robbery and depriving passengers and crew of their liberty.

The ship's regular skipper, Mario Simoes Maia, was directed by the owners to file complaints in a Brazilian court against both Galvao and Gen. Humberto Delgado, Portuguese exile in Brazil who said he masterminded the seizure of the Santa Maria.

LIST OF CHARGES

The owners, the Colonial Navigation Co., told Simos Maia to charge Galvao and Delgado with homicide, robbery, injuries, depriving passengers and crew of their liberty and damage to the 610-foot liner.

Simoes Maia told for the first time how he and his crew tried to thwart Galvao at sea even though the ship's officers were under gunpoint all the time.

He said faucets were left open to deplete the fresh water supply, in an effort to force a landing. He indicated that Galvao's inexperienced navigator had been led astray at times.

FROM RUSSIA

Capt. Simoes Maia declared some of the Galvao band who seized the ship Jan. 22 had come from the Soviet Union. He said these rebels had been in Cuba recently.

"This was an authentic case of piracy," he asserted. (See story on page 2.)

The last act of the high seas drama came in a conference aboard the ship between Galvao and Adm. Dias Fernandes of the Brazilian navy.

The Brazilian Foreign Ministry in Brasilia said President Janio Quadros' new administration had control of the liner.

Thieves Take Safe, $1,600 In Novato

Thieves last night broke into the Pacific Gas and Electric Co. office in Novato and wheeled out a safe weighing more than 500 pounds and containing about $1,600 in cash.

A bank bag and some of the $6,000 in non-negotiable checks taken were found today about a tenth of a mile north of the Novato city limits on Highway. 101. They were strewn along the southbound side of the highway.

The burglary occurred sometime between 6 p.m. yesterday and 4:20 a.m. today. Lee Wise, Novato PG&E manager, left the office and cleanup men moved in about 6 p.m. At 4:20 a.m. today, paper carrier Jerry Ostrovsky of 1201 Ridgeview Heights noticed the side door of the office had been smashed.

The front door of the office is at 864 Grant Avenue. A side door, only a few feet off the street and visible from it, leads into a patio-type office center.

The side door had been pried open, the door jamb smashed and lock ripped off. The safe had been only feet from the door.

The thieves wheeled the safe outside into the patio, then to the rear of the area and to a car or truck parked in an alley. Neighbors say they heard two vehicles in the alley at different times during the night.

Chief of Police Roy McLaren and officer Wayne Knutila reported that more than one man probably was needed to handle the safe, which weighed 500 to 600 pounds, stood three feet high and about two feet wide and had castors attached.

Gov. Brown Signs Schools Fund Bill

Gov. Edmund G. Brown signed legislation today making nearly 30 million dollars in state funds available immediately as loans to school districts to build more classrooms.

Of the funds, $583,300 will go to the San Jose School District in northern Marin County. Supt. Philip Schneider said the money will be used to build a seventh and eighth grade school at the end of San Jose Boulevard in Ignacio.

Schneider said the funds had already been assured for early release, as the district had reached the top of the priority list. The district will open bids on the building Feb. 16. First stage of construction will include 14 classrooms, library and administration offices.

The governor told his news conference in Sacramento that the stepped-up loan program would end double sessions in public schools throughout the state.

But his office said later that Brown didn't mean that—he meant it would end double sessions in those areas in line for the state loans.

The legislation releases 23 million dollars for construction in 20 counties, the balance for a site acquisition on a statewide basis.

2 Auto Agency Men Facing Fraud Charges

Two executives of a Novato car agency were jailed this afternoon on charges of fraud involving sale of cars last November and December.

Charles Anderson Brown, 39, 6 Washington Street, Novato, and Dave George Mariani, 26, of 10 Carmel Drive, Novato, were booked on a grand jury indictment signed last night. They are accused of six counts of grand theft and one of conspiracy. Each was released from county jail on $1,575 bail apiece.

Mariani is president of Walt Brown Novato Inc. Brown is secretary of the company.

Deputy Dist. Atty. Charles L. Convis called 23 witnesses last night before the grand jury to testify against the two men. According to Convis, the two are suspected of selling cars to which they had no clear

Only Dollars Rain During Sunny $ Days

Sunshine broke through San Rafael clouds today and there was sunshine in the shops as well, as San Rafael Dollar Days opened under auspices in 67 participating stores.

The sale will be on until 9 o'clock and during regular store hours tomorrow.

"Our biggest break is the weather," declared Robert Gray of Payless Drug Store. "Business opened strong and many were waiting to get into our doors."

At Macy's, assistant manager Kenneth Aukerman reported "People were crowded around the doors waiting to get in at 9:30."

Aukerman said the start of Dollar Days this year was "wonderful."

"Sales have been good all over the store," reported a J. C. Penney Co. spokesman.

Stores will remain open till 9 o'clock tonight also in Corte Madera Center, Novato and San Anselmo.

Office Jammed As Marinites Pay Car Registration Fees

More than 2,400 Marinites jammed the office of the Department of Motor Vehicles in San Rafael today in the next-to-last day for registering motor vehicles for 1961.

Deadline for registrations at the office at 1926 Fourth Street is noon tomorrow. Registrations sent through the mail must be postmarked by midnight tomorrow.

Robert Duttle, assistant manager of the San Rafael office, said registration had been heavy since Wednesday and was increasing today. "But it seems to be a little less than we had last year," he said.

Renewals, without any change from 1960, may be made until 6 o'clock tonight at the First National Bank in Novato or the Wells Fargo Bank-American Trust Co. in Mill Valley.

Board Slates 2nd Trip To Hospital-Farm

Members of the Marin County Board of Supervisors, who spent all day yesterday inspecting the operations of the county hospital-farm and juvenile hall in Lucas Valley, plan a second trip soon to concentrate on the structural situation of the state-condemned hospital building.

They came to this decision at the end of the day, according to Chairman William D. Fusselman, because they felt that a considerable area of investigation hadn't been covered due to the absence in Arizona of structural engineer H. M. Engle. He will be back within a few days. His testimony of past structural investigation is essential to reaching a conclusion on what can be done on the building, Fusselman said.

Supervisor J. Walter Blair of Mill Valley again suggested a special committee to include an independent engineer teamed with a businessman and a hospital administrator to recommend what to do with the hospital.

ON 'PIRATE' SHIP

Marinites Frightened By 'Buzzing' Planes

Eben Neal Baty, 64-year-old Tiburon traveler-author, said today the only time he and his wife were frightened aboard the hijacked cruise ship Santa Maria was when U.S. Navy planes were "buzzing" the liner.

"At no time did we suffer a lack of food, water or service, nor did we feel our liberty restricted," Baty told United Press International in Recife, Brazil.

His son, David R. Baty, judge of the Northwest Judicial District court in Marin County, received a cable from his father last night. Its terse message:

"We're well. Amazing experience. Letter follows."

The elder Baty, author of the book "Citizen Abroad," said he had talked three times with rebel leader Henrique Galvao—mostly about books.

"We had difficulty communicating because Galvao doesn't speak much English, but I was favorably impressed," Baty said. "We never heard of anyone mistreated or of any mistreatment. The only real fright we had aboard was because of Navy planes buzzing us."

The Batys, who live on Paradise Cove on the Tiburon Peninsula, said they planned to spend several days in Recife, Rio de Janeiro and other Brazilian cities. Like the other 618 passengers, they were waiting for their baggage to be unloaded.

Freed Passengers Flown To Europe

LISBON, Portugal (UPI) — The first group of European passengers freed from the hijacked liner Santa Maria in South America arrived in Lisbon aboard a chartered Dutch KLM plane today.

They included 45 Dutch passengers and 12 Portuguese.

The Colonial Navigation Co. of Lisbon, owner of the Santa Maria, said the 42 Americans aboard could choose plane or ship accommodations to Miami and other nationalities, except Portuguese and Spanish, could do the same. The company said Spaniards and Portuguese bound for their homelands would be taken home by ship.

Rebel Declares Victory Is His

RECIFE, Brazil (UPI) — When the Brazilian Foreign Ministry announced early today that Henrique Galvao's rebels on the Santa Maria had surrendered their arms, most men would have admitted defeat and groped for excuses.

But Galvao, who has spent most of the postwar years fighting against the Portuguese dictatorship against overwhelming odds, proclaimed victory, success and the start of new battles.

The hawk-nosed, 65-year-old former Portuguese army captain has a habit of bouncing back from defeats.

In 1958, he masterminded the presidential campaign of Gen. Humberto Delgado against the candidate of Portuguese Premier Antonio Salazar. Galvao was not stopped by the fact that he had to work from a Lisbon prison cell.

Delgado lost what the rebels claim was a rigged election. Galvao escaped from prison and both men went to South America to plan the overthrow of the Salazar regime. These plans led to the bold seizure of the ship Jan. 22.

With the ship in harbor, Brazilian marines aboard, and the prospect of a new period of political asylum, Galvao said he considered the movement successful.

In a proclamation published throughout Latin America and the rest of the world, he said the seizure of the ship was the beginning of a revolution which has as its basic objectives "not only the overthrow of the Portuguese and Spanish dictatorships . . . but authentic total revolution."

"The capture of the Santa Maria was not a romantic gesture and much less the result of a plan destined only to call the attention of the world to the dramatic situation in Portugal," he said.

"We wanted to, and we succeeded in, proving dictator Salazar is not invulnerable. We struck him and his navy and we made them ridiculous before the whole free and Christian world.

"Tomorrow, whenever and wherever we return to face him, we will strike him again."

The ship's regular skipper, Capt. Mario Simoes Maia, remained true to the traditions of the sea yesterday and was the last to leave the ship after the passengers and other crewmen had gone ashore.

He told a news conference last night that only seven of his crewmen had joined the rebels and the rest acted bravely. He praised the 42 Americans aboard for vowing not to leave the ship unless the crew were permitted to go too.

Maia described the seizure as a case of pure piracy, regardless of Galvao's political ambitions.

He said he himself had been under constant guard and had been forced to steer the ship at gunpoint with a former Portuguese navy artillery officer, Jorge Soto Maior, giving the directions.

Maia disclosed that his crew had deceived the rebels on the amount of food and fuel aboard and left the water taps running all night to cut the supply of fresh water.

He said that besides their sidearms, the rebels had 650 pounds of explosives aboard with which they could have scuttled the big liner.

The disembarkation yesterday was a madhouse.

The liner was too big to tie up to any of Recife's docks, so it anchored in the harbor and tugs shuttled the passengers and crewmen to land.

Here one of the traditions of the sea—women and children first—went out the porthole.

Two crewmen were so anxious to get ashore they jumped overboard. The Brazilian navy feared an epidemic of jumping and stationed boats and lifeguards around the ship.

Bruce Named Ambassador To Britain

WASHINGTON (AP)—David K. E. Bruce, who was in the running for the job of secretary of state, has been named ambassador to Britain.

Bruce, 62, has long experience as a diplomat.

He is the son of William Cabell Bruce, onetime U.S. senator from Maryland. He has served as U.S. ambassador in two other important capitals of Europe, Paris and Bonn, West Germany.

He has held high posts under Democrat Harry S. Truman and Republican Dwight D. Eisenhower. In 1956 he contributed $1,000 to the Democratic campaign and then was nominated by Eisenhower as ambassador to West Germany.

Bruce was named undersecretary of state to Secretary Dean Acheson in 1952, and before than was ambassador to France.

Bruce is Kennedy's first appointment of an ambassador to an individual country. He was one of the three top candidates for the job of secretary of state; Kennedy finally chose Dean Rusk.

Unemployment Aid Could Cost $1 Billion

WASHINGTON (AP)—The cost of the emergency extra unemployment benefits proposed by President John F. Kennedy could climb to one billion dollars.

The total would depend on how high unemployment remains and on the number of states voluntarily subscribing to the plan once it may be authorized by Congress. But officials estimate the cost could reach one billion dollars.

On Capitol Hill, the plan apparently was set for early consideration by the House.

The measure was believed to have considerable bipartisan appeal, since a number of Republican House members represent districts where unemployment is critical. But some employer opposition was expected.

Money for the plan would come initially out of federal funds. It would be repaid later out of revenues realized from broadening from $3,000 to $4,800 the annual earnings base of workers on which employers pay payroll taxes to finance the system.

The plan, contemplated to last a year, would increase payment of regular weekly unemployment insurance benefits one-half again as long as their present maximum duration. Most states make such payments for a maximum of 26 weeks. The extra payments would extend for a maximum of 13 weeks.

IT'S FINALLY MANANA

Ship Passengers Describe Ordeal

By SAUL PETT

RECIFE, Brazil (AP)—Some wept, some laughed, some shook with fear and tension. Some plotted, some fought, and some fell in love.

Of the nearly 600 passengers trapped aboard the Santa Maria for 12 harrowing days, those in first and second class suffered nothing more serious than bad cases of the jitters before they were landed yesterday at this port on the Brazilian bulge.

Portuguese and Spaniards in third class who complained they had been mistreated, were without water and had been given little food. Some said they feared for their lives.

Mrs. John Dietz of Gainesville, Fla., one of the first Americans to step ashore, summed up the feelings of the others as she exclaimed, "This is wonderful, you have no idea.

For Mr. and Mrs. David Crocket of Pompano, Fla., the end of the unscheduled, 2,800-mile odyssey came with a tinge of sentimental sadness. They had played cupid to a young Dutchman and a Spanish senorita who had met during the cruise, fell in love and plan to marry.

"Be happy, dears, stay in love," said Mrs. Crocket, her eyes moist, as she parted from William Vandarmeer of Amsterdam and pretty, brunette Laura Menendes of Oviedo, Spain.

Tensions rose to such a pitch during the final days at sea that two American men—not identified—swapped fisticuffs over something trivial.

What did most do to while away the trying hours?

Mrs. Floyd Preston, traveling with her husband, a University of Kansas professor, and their four children, said: "I sat and worried, talked and watched the children.

Her 14-year-old son, Harold, asked if he enjoyed the trip, beamed—"sure."

Caroline Boyce, 60, a widow from Baltimore traveling alone, said the armed rebels stalking the deck made everyone aware the ship was being held by force.

"At the table next to mine in the dining room every night sat seven men wearing revolvers," she said. "But it didn't interfere with my digestion."

"The worst part was the tension and uncertainty of not knowing what was going to happen next," said Delbert Smith of Johnstown, Pa.

The Americans—all of whom traveled first and second class—expressed compassion for the others in the cramped third class quarters who were put on stricter food and water rations.

In lighter moments the passengers—representing nine nationalities — nicknamed the ship "Santa Manana." Every time they asked the rebels when they would get off, they got the same answer, "manana."

Manana finally came for them yesterday.

Dominican Music Club Again Enters Contest

The Dominican College Music Club, for the past three years a national award winner in the Parade of American Music, is again participating this year in the contest sponsored by the National Federation of Music Clubs.

An exhibit of newly discovered early American Moravian music will be held by the club in combination with the music department between Feb. 8 and 28, at Angelico Hall. Twelve displays will include recordings, published music new pictures and charts and depiction of origin and development.

This will be open to the public between 2 and 4 p.m. every Sunday and Monday, and between 7 and 8:30 p.m. Tuesday and Wednesday.

Four sacred songs by American Moravian composers for soprano and orchestra will be performed in Angelico Hall next Thursday at 7:30 p.m., with other composers by the Dominican College Schola Group.

$6.9 Billion In U.S. Notes To Be Offered

WASHINGTON (AP)—A slumping economy and a worrisome gold problem were the factors weighing most heavily with Treasury officials who planned the Kennedy administration's first big financing operation.

The department announced yesterday that it will offer, on Monday, 6.9 billion dollars of 18-month notes paying 3¼ per cent interest. The proceeds will be used to pay off a like amount of Treasury securities which mature Feb. 15.

In designing the terms, Undersecretary Robert V. Roosa and his colleagues wanted, in addition to raising the needed cash, to:

1. Make certain that the government had enough cash on hand at a time when the recession is hurting tax revenues.

2. Encourage American corporations to put money into the new notes, instead of seeking higher interest rates in Europe. A heavy flow of capital to Europe already has given Europeans millions of extra dollars which, in many cases, they have used to buy American gold.

3. Cooperate with President John F. Kennedy's program, announced yesterday in a special message to Congress, to encourage lower long term interest rates. The president believes reductions here would help stimulate the economy.

BUENOS AIRES (UPI)—Argentina has launched its first "space probe," a single-stage rocket which soared to an estimated altitude of 65,000 feet yesterday before falling back to earth.

The Air Ministry said the rocket proved "ballistically satisfactory," but no signals were received from payload instruments which were supposed to report high altitude weather conditions to a ground station.

More Snowstorms

A blowing, drifting snowstorm which blanketed Midwest areas with a carpet of white a foot high in some areas, sped eastward.

Much of the northeast quarter of the country remained locked in a numbing cold wave—the third week of zero weather in many border sections.

Great Newspapers

SAN FRANCISCO (AP) — Bernard Kilgore, president of the Wall Street Journal, said yesterday a chief false impression about the newspaper industry is that there are only a few great newspapers.

Kilgore, speaking at the Associated Press dinner held in connection with the annual California Newspaper Publishers' Assn. convention, said wrong ideas about the press can only harm the industry.

No Reunion

WASHINGTON (UPI) — A heavy snowstorm in the Washington area today disrupted plans for a reunion of President and Mrs. John F. Kennedy with their two children.

The White House said that because of the storm the plane trip of 3-year-old Caroline Kennedy and her two-month-old brother, John, from Palm Beach, Fla., had been canceled. Original plans had called for the two youngsters to come here aboard the Kennedy's private plane late this afternoon.

Valiant Decision

WASHINGTON (UPI)—Chrysler Corp. has agreed to stop advertising that its compact car, the Valiant, gets 30 miles to the gallon.

The Federal Trade Commission announced yesterday that Chrysler had signed a stipulation barring it from making this and other advertising claims for the 1960 model Valiant. The stipulation does not constitute an admission by Chrysler that it violated the law.

London Gold Off

LONDON (AP) — Gold prices fell in the London free market today to the lowest point since last October. Dealers said the winter gold rush sparked by concern over U.S. reserves is definitely over.

The price was fixed this morning at $35.28¾ an ounce. The official U.S.-pegged price is $35 an ounce.

Festival Canceled

SAN FRANCISCO (UPI) — The Pacific Festival, annually attended by representatives of practically all nations in the Pacific area, will not be held this year due to lack of funds.

Mayor George Christopher made the announcement yesterday after a meeting with the festival committee. He said the celebration is still $28,000 in the red from the 1960 event.

Cola Mogul's Estate

NEW YORK (AP)—Alfred N. Steele, late husband of actress Joan Crawford and president of the Pepsi-Cola Co. at his death, left a gross estate of $607,128 but actually was insolvent, an intermediate estate accounting has disclosed.

The intermediate accounting of the executors showed that the principal asset in Steel's estate was $383,000 held in escrow by Pepsi-Cola because of a stockholder's suit. Under a Sept. 22, 1955, agreement Steele was granted stock options which, the stockholder's suit maintained, should be declared null and void as a "gift" wasting corporation assets.

Service Families Asked To Save, Cut Gold Drain

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara says he expects every man, woman and child in overseas service families to save $80 a year to cut down on the drain of U.S. dollars.

McNamara met Pentagon reporters for the first time yesterday.

He said his aim is to save as much dollar expenditure abroad as would have been saved by the controversial order of former President Dwight D. Eisenhower to cut the number of military dependents living abroad.

President John F. Kennedy reversed that order this week.

McNamara said the voluntary savings program is expected to trim 80 million dollars from what servicemen and their families spend abroad this year. By 1962 and 1963 he estimated the saving should run to 200 million dollars. This is the sum Eisenhower hoped to save by having the families returned home.

McNamara also said regulations might be put into effect to make it more difficult for overseas servicemen to buy durable foreign goods, such as cars. One way to do this, he said, would be to require purchasers of cars to ship them home at their expense. The Army pays the transportation now.

Planes To Be Added For Troop Airlift

WASHINGTON (UPI) — The Kennedy administration's first efforts to improve the nation's defenses will add 53 planes, including the first jet transports, to the troop airlift fleet and reduce military spending abroad.

Defense Secretary Robert S. McNamara has ordered 30 big C-135 jets, each capable of carrying 80 fully armed men, with deliveries scheduled to start in June and continue at a rate of two a month.

McNamara said the additional planes, to include 23 C-130E turbo-props as well as the jets, will require congressional appropriations of 172 million dollars and transfer of an unspecified amount from existing funds.

Both the jets and the turbo-props have intercontinental range. The turbo-props, some of which already are in the fleet, also can carry 64 paratroopers each on shorter "tactical" missions.

Idaho ranks first in the U. S. in the production of lead.

Judge Says Bail Bondsman Did Not Act Improperly

San Rafael bail bondsman Vincent James Stragnola did nothing to warrant a suspension of his license, Judge Ralph McGee of Amador County declared today in an opinion filed in Marin Superior Court.

Simultaneously, Judge McGee said he believes San Anselmo bail bondsman James J. Shelley offered inducements to county jailers in an effort to get more bail bond business. The judge thus backs up State Insurance Commissioner F. Britton McConnell, who ordered Shelley's license suspended for 90 days in 1959.

T. G. Fitzgerald, Shelley's attorney, declared he would appeal the case to the district court of appeals.

Several jailers told the state insurance commission they had been offered money and liquor by Shelley. After a hearing in May, 1959, the insurance commissioner ordered Shelley's license suspended for 90 days. Shelley appealed to Marin Superior Court.

In the case of Stragnola, Judge McGee gave this opinion: The record does not establish that Stragnola made any improper or forbidden solicitation of bail as found by the hearing officer.

The judge said there was evidence that Stragnola failed to execute and promptly deliver a deed of reconveyance, and he also failed to report promptly a loan he had made. However, these are not serious enough to justify suspending Stragnola's license, in Judge McGee's opinion.

pay 41 per cent of the taxes."

Johnstone said at last night's meeting: "We are here because of motivation. . . . Ours is economic. Theirs (the coordinating council's) is a political whipping dog." He referred to the council's attack on Southern Marin Supervisor J. Walter Blair.

Blair was present last night but remained in the role of spectator.

Sterling pointed out that the northern end of the peninsula now has 6,000 population while the area to be studied for annexation has 1,300 population. Belvedere's current population is 2,100 "so Belvedere would not be taken over by this annexation," Sterling said.

It was pointed out that leaders of the coordinating council's incorporation studies reside in the northern peninsula area. If incorporated "they will rule us," committee members declared.

Tiburon property owner Fred G. Zelinsky balked at the idea of two different studies at the same time but agreed to support the group when it was pointed out the incorporation study did not include serious consideration of annexation to Belvedere.

Belvedere Planning Commissioner Kenneth E. Frost pointed out that a large area annexed to Belvedere would be a burden to administer.

The other man attending the meeting was Irving Moulin, member of the Tiburon Sanitary District and upland area land owner.

The meeting was not open to the public but an Independent-Journal reporter was invited.

Police Curtail 'Rocket Blast'

Rocket testing by Pencho Dimitroff in Mill Valley was curtailed yesterday by police who told the 19-year-old that it is against a city ordinance.

Police said John H. Goy of 62 Magee Avenue telephoned at 8:45 p.m. saying a "large explosion" had gone off behind his house.

Dimitroff, who lives at 171 Marguerite Avenue, told police he had "discharged a small rocket made of potassium nitrate, sulphur and charcoal" in a test.

"The explosion was much greater than I had expected," said Dimitroff.

Tug Owners Awarded Cash For Saving Ship

SAN FRANCISCO (AP)—The U.S. District Court yesterday approved a settlement of $170,000 to owners of four tugboats that pulled the wine tanker Angelo Petri back into San Francisco Bay after the vessel was disabled a year ago.

The 21,800 ton tanker was disabled by heavy seas off the Golden Gate.

Burglars Hit 4 San Rafael Businesses

Burglars broke into four business places in southeast San Rafael last night, but their loot totaled less than $100 in cash.

At Marko Paper Products, 452 Du Bois Street, the thieves pried open a front door and then looted $40 in cash from an unlocked wall safe. Police found papers and an empty cash box scattered about the floor of the office.

The burglaries, two inside the city limits and two in unincorporated territory, were discovered by employees between 6:30 a.m. and 8:30 a.m. today.

At two of the places, the burglars looted only the coffee and soda pop machines.

Arthur J. McDevitt, sales manager of DeLong Chevrolet, discovered burglars had pried open a bathroom window to the building at 550 Francisco Boulevard. The thieves had smashed open an inside office door and rummaged through the desk drawers. The office safe was untouched. They attempted unsuccessfully to pry open a cigarette and coffee machine, but broke open a soda pop machine, taking an undetermined amount of change. They left through a garage door.

After prying open a window to the Rice Supply Co. building at 16 Auburn Street, the burglars took $6 from a soda pop machine and $3 from a coffee machine. They also stole a jacket, rain coat and hat from the office.

From the Colonial Bakery at 2712 Redwood Highway, the burglars stole $35 cash from a desk drawer and a brown jacket that was hanging on the back door. Manager Richard Van Wie discovered the burglary. Sheriff's deputies said all doors and windows were locked and there was no evidence of forced entry.

Nurse Course Planned By Marin College

The College of Marin will offer a program in vocational nursing next fall.

Administrators decided to begin the course after a meeting yesterday with a representative of the State Board of Vocational Nurses Examiners.

Last spring the college trustees approved establishment of such a program. The college offered a similar course a few years ago, but it was discontinued because of the expense.

The state board representative, Violet Eleazarian, was called in by the college to determine whether local hospital facilities were adequate for establishment of such a program.

Most of the students' training hours will be spent at Marin General Hospital, it was announced. Hospital coordinators for the program are Miss Amelia Ditt, director of nursing, and William Turner, administrator.

The college is now looking for a qualified instructor to handle the program.

The bag and piles of nonnegotiable checks, made out to the company and endorsed to the bank, were found along the edge of the highway, apparently scattered from a moving car.

There was no sign of the safe or the cash, nor a hint of where and how the safe had been opened.

Brown Greets Delegates To Y Legislature

SACRAMENTO — Gov. Edmund G. Brown, wishing that "every high school student in California could have this opportunity," welcomed the YMCA model legislature today.

He praised the teen-age legislators for work they had already completed in preparation for the session and for the "surprising maturity and keen idea of the problems we face" as reflected in "the legislation you have written and brought here to introduce and debate."

Although the state has many other problems, the governor said, "no other single part of our work can match the importance of education. I intend to help make it possible for you to have the finest teachers, and to make sure there will always be an open door and a waiting desk for everyone of you in high school and in college." title, also taking in cars in trade that were not completely paid for, and failing to pay off the lien on the car.

The two investigators who worked on the case are Stanley Wilsey of the Department of Motor Vehicles and William Bemiss of the district attorney's office.

Grand Jury Foreman William L. Hughes reported the case took all night, and grand jurors did not have time to take up other matters including probe of the civic center controversy.

A special grand jury session is set for 1:30 p.m. next Thursday. At that time, committee reports including investigation of the civic center uproar may be taken up, said Hughes.

Fred S. Allen of Ross heads the committee which is investigating the civic center matter. The grand jury received many letters asking for an investigation of why work was stopped on the civic center by the three-man majority of the county board of supervisors.

Mendocino Supervisors Ask For Surplus Food

UKIAH (AP) — Mendocino County supervisors has asked Gov. Edmund G. Brown for as much surplus food as possible for the county's unemployed.

County Welfare Director Roland Kussow told the supervisors the number of relief cases is twice that of a year ago.

Industrial Safety Unit Formed Here

An industrial safety council for Marin County was organized last night by representatives of industry, labor and the State Division of Industrial Safety at a meeting in offices of the Marin Builders Exchange, San Rafael.

The group, which also included Capt. T. F. Parnow and Clay Hess, public information officer, of the California Highway Patrol, and Marvin W. Brigham, county director of public works, conducted a three-hour discussion on ways of promoting safety precautions among local firms.

The organization was conceived by William E. Stock of Santa Rosa and Philip S. Rummerfield, engineers in the State Department of Industrial Relations, to tie in with Gov. Edmund G. Brown's industrial safety conference next week in Los Angeles. Both men have been active in forming similar groups in other counties.

E. Douglas Roberts, manager of the Marin Builders Exchange; Norman Campbell of the Carpenters Union, and Anthony B. Pontecorbo, safety engineer with Fairchild Semiconductor Corp., were named as a committee to formulate plans for making the group a permanent organization.

The committee was also instructed to meet with representatives from the Marin Safety Council organized in 1957 to reduce accidents on highways and elsewhere but which has been inactive for about two years. The purpose will be to determine the practicability of merging the two groups.

A general industrial safety meeting has also been proposed for March 20 at College of Marin for management, supervisors and foremen. Speaker will be Robert Evender, safety manager of the Guy F. Atkinson Construction Co. of South San Francisco.

Glenwood Owners Map Plans

Various activities planned for the year include a St. Patrick's Day Dance on March 17 at the Mill Valley Country Club, a fund raising carnival in July, a party in the fall and a New Year's Eve Party, according to activities chairman Mrs. Winston Harris.

Membership drive to expand the 128 member organization will run Feb. 15 to March 1, Paterson Allen reported. Paul Weinheimer, chairman of the traffic and safety committee said that more speed limit and slow signs are going to be erected in the subdivision by the city.

The committees were appointed on Jan. 18.

Attack Education, Narcotics Ills, Marin 'Youth Governor' Urges

I-J Special Report

SACRAMENTO — "Governor" Terry Wade of Greenbrae called for a concerted attack on education problems and the narcotics traffic in a speech before a joint session of the 13th annual YMCA Model Legislature which convened in the state capitol today.

"Governor" Wade, who was followed to the podium by Gov. Edmund G. Brown, laid out his program for the three-day session of the "senators" and "assemblymen" after the two houses had met briefly to organize.

Calling education "the greatest problem facing our state," the 17-year-old son of Mr. and Mrs. Lester J. Wade called upon his legislature to "make our schools' curricula more academic in order to deal with the complex technology of the future." He said he favored making science mandatory in primary grades; including teaching of "the objectives and dangers of communism" in civics classes, and reducing the percentage of "yes" votes needed for passage of school bond issues from 66⅔ to 60 per cent.

The "sometimes under-exaggerated" dangers of narcotics, he said, should be attacked through "stricter penalties" for "pushers," protection of the identity of narcotics informers, and construction of institutions specifically designed "to rebuild the mind of the narcotics addict."

"Governor" Wade urged a "hot" debate on the reapportionment of the state senate.

He also asked favorable consideration for three measures: to limit further highway construction above the 8,000-foot elevation in the Sierra (the governor likes to hike in wild terrain); to establish a minimum speed limit on freeways, and to establish a state commission to regulate small boats on state waters.

After the joint session the legislators settled down to consider the 62 bills placed before them.

Marin has six assemblymen and one senator representing it at the session. Eight other Marin YMCA are participating as lobbyists, legislative aides, and reporters.

Compromise Is Reached On Glenwood Sewer Fees

The San Rafael Sanitation District board yesterday approved a compromise agreement with the bankruptcy trustees of the Stegge Development Co. for sewer connection fees in Glenwood and Bayside Acres.

Through joint agreement with Kal Lines, the trustees for the developer of Glenwood who went bankrupt in 1957, the board terminated a five-year-old agreement which reserved 1,030 sewer connections for a now non-existent corporation.

The new agreement must be approved by the United States District Court for Northern California, because it involves a bankrupt corporation.

It extends until Dec. 31, 1963, and provides that the trustees will receive $119 for every sewer connection for the 57 unconnected lot in the uninhabited Glenwood Units 1, 2, 2A and 3 and $119 for every connection in East Bayside Acres according to District Engineer Dominic Selmi. In West Bayside Acres, the trustees will receive $55 for each connection.

The sanitation district will continue to receive its $125 normal connection fee, plus the $89 fee charged in Glenwood to accumulate a fund for completion of sewage facilities.

The fees are paid when the building permits are taken out.

Secret Meet Ban Extension Urged

SACRAMENTO (AP) — Extension of the ban on secret meetings to numerous state agencies, boards and commissions not already covered was proposed yesterday by Assembly Speaker Ralph Brown (D-Modesto).

Brown, author of the state's open meeting statute, also introduced a constitutional amendment requiring the University of California Board of Regents to hold public meetings. He already has introduced a bill proposed the same thing.

The latest batch of bills includes the Fair Employment Practices Commission, Motor Vehicle Polution Control Board and a number of lesser agencies.

The White House has 15 rooms, including solarium, barbershop, and doctor's and dentist's offices.

Mill Valley Etcher Wins Art Award

A Mill Valley etcher was among the award winners announced this week as the 24th annual drawing, print and sculpture exhibition of the San Francisco Art Assn. opened at the San Francisco Museum of Art.

John H. Ihle was one of four winners of the Artists' Council of San Francisco Art Assn. purchase awards ($40) for his color etching entitled "Alphonsus."

The show was juried by Dorothy C. Miller, curator of the collections of the Museum of Modern Art in New York.

The exhibition will continue through March 5.

Council Bluffs, Iowa, derives its name from the fact that Indians used to hold their powwows on the site.

Marin Doctors Planning Poll On U.S. Plan

The Marin County Medical Society will conduct a poll among its doctor members to learn whether they favor placing medical services under federal social security.

They will vote also on whether to recommend the California Medical Assn. conduct a statewide poll on the same subject.

A petition signed by more than 15 per cent of the members of the society asked for the social security poll. Under the society's bylaws, such a petition requires discussion at the next regular meeting and a vote with in the month.

DISCUSSED AT DINNER

The discussion was held last night at the society's dinner meeting at the Meadow Club above Fairfax.

Dr. Carl F. Coffelt of Mill Valley spoke in favor of inclusion in social security. Dr. W. Allen Conroy of San Rafael was principal speaker in opposition.

Most of the statements and questions from the floor in the half-hour discussion seemed to indicate opposition. However, of about 75 doctors present, only a handful spoke.

At the suggestion of Dr. Warren Bostick of San Rafael, the ballot, which will go out to the society's members in about a week, also will include questions prepared by the California Medical Assn. House of Delegates, on the same subject.

PROGRAM DIRECTOR

The program portion of last night's meeting, presided over by president Russell R. Klein, was furnished by the Marin Surgical Society.

Dr. Robert F. Schell of San Rafael was master of ceremonies for a series of papers on changes in surgical therapy in the last five years.

Dr. M. Alden Van Pelt of San Rafael discussed thyroid nodules and methods of handling them. Dr. Edward S. Vanderhoof of Ross spoke on immunization and treatment of tetanus. Dr. Bradford Simmons of Belvedere detailed the problems of bleeding varicose veins at the stomach entrance, a condition often found in alcoholics.

Dr. Bruce S. Manheim of Tiburon told of the treatment of intassusception, a bowel block caused by a telescoping of an intestine, and mostly found in children from 11 months to 4 years of age. Dr. T. Scott Strathairn of Larkspur concluded the presentations with a discussion of pancreatitis, a pancreas infection.

In an adjoining room, the women's auxiliary heard a program dealing with civil defense.

Kennedy Picks Law Professor As SEC Head

WASHINGTON (UPI)—President John F. Kennedy today selected William L. Carey, Columbia University law professor, to be chairman of the Securities and Exchange Commission.

The president also announced that he would nominate former Sen. J. Allen Frear (D-Del.), who was defeated last November, to be a member of the commission which oversees financial market operations.

Both appointments are subject to Senate approval.

Carey, 50, was born at Columbus, Ohio, and was graduated from Yale University.

He served on the SEC staff for two years and in the Justice Department before serving in World War II with the office of strategic services. Since the war, he has been on the law faculties of Northwestern University and Columbia.

Frear, 57, operated a farm supply firm at Dover, Del., before winning a Senate seat in 1948. During his two six-year terms, he served on the Senate banking and finance committees.

Frear was unseated last November by Sen. J. Caleb Boggs, a Republican. Both Carey and Frear are Democrats.

Chilean Town To Use Fund For New Park

A small waterfront park is to be restored in quake-damaged Corral, Chile, with funds raised last summer by Sausalitans in Sausalito's people-to-people program.

Mrs. M. Justin Herman, program chairman, said today she received a letter this week from U.S. Ambassador Walter Howe in Santiago telling her of the decision on use of the $1,468 contributed by Sausalitans after the Chilean earthquake.

Ambassador Howe wrote that a committee of citizens was formed to decide how the money would be used.

The park serves as a meeting place for adults and as a children's playground for Corral, a city of 3,300, about 25 miles from Valdivia.

Sausalitans raised the money, with assistance from the Sausalito Rotary Club, but separate from a Red Cross drive. Sausalito has a continuous exchange program with its sister city, Vina Del Mar, Chile, and has named its main park Plaza Vina Del Mar.

Litchfield Daughter Bothered, Man Jailed

A 20-year-old Petaluma youth was arrested in the Bermuda Palms Motel today after police said he forced his way into the room of Terry Diane Litchfield, 18, daughter of motel owner Irving (Whitey) Litchfield.

Mark Thomas Kimberly was booked in the county jail on charges of prowling, falsely impersonating another person in the commission of a crime, reproducing a driver's license and possessing a fraudulent driver's license.

Miss Litchfield told Sgt. Thomas Stephenson and Officer David Vargo that she was awakened about 5 a.m. by someone pounding on the door of her room in the motel at 721 Francisco Boulevard, San Rafael.

She said she opened the door and Kimberly pushed her aside and forced his way into the room.

The girl phoned the motel switchboard for help. Her father rushed to the room, grabbed Kimberly and dragged him to the motel office.

When police asked him for identification, Kimberly produced a driver's license of a Martin Bruce Coleman of Petaluma. Officers said it appeared to be a photographic copy of a driver's license.

Officers found Kimberly's own driver's license in another part of his wallet.

Three other 20-year-old youths, two from Petaluma and one from San Jose, who had driven with Kimberly to the motel but had not left the car, were released after questioning.

Kimberly was to be arraigned in Marin County Municipal Court today.

Crash Probe Ending

OAKLAND (AP)—A Civil Aeronautics Board hearing into the Oct. 29 Ohio charter plane crash which took 22 lives concludes in Oakland today.

Sixteen of the dead were members of the California Polytechnic football team from San Luis Obispo.

Testimony yesterday was that the 15-year-old C-46 former military transport's two engines had 20 fouled spark plugs of a total of 36.

Kennedy Won Rules Battle, Lost Civil Rights War

The so-called "victory" of the Kennedy administration in expanding the House Rules Committee by three members, appears to be a won battle and a lost war.

The battle was for much of Kennedy's New Frontier program. A conservative Rules Committee could block its more liberal portions. Now he has a fighting chance to get it through.

The war was over civil rights. To win the battle, Kennedy obviously had to agree to forget his promise to end the filibuster in the Senate and his promise of strong civil rights legislation.

Proof of this was the naming of the three new members of the committee. If such a deal hadn't been made, it would have been possible to appoint two liberals to the committee. This would have given Kennedy a clear majority on all measures. Instead, one northern liberal and one southern moderate Democrat were appointed to the committee. A moderate is a southern Democrat who will go along with Kennedy on everything except civil rights. The roadblock to civil rights legislation is as firm as ever.

And we can't assume that the Senate is disinterested in the change in the House. Southern senators are going to be all the more insistent on their filibuster rights now that their House defenses have been diluted.

The whole "victory" is rather hollow in itself. Attacked was one effect. The cause of the problem goes unaltered.

Increasing the number of congressmen on the committee takes care of the immediate problem for President Kennedy, it was a personnel problem. By packing the committee, he was able to over-shadow the problem for the time being.

But committees being what they are, Kennedy may well be preparing an even greater road block in the path of some future Democratic President. As southern Democrats move up in seniority, they may well once again dominate the committee, possibly even stronger than they did this time.

Basically, you see, nothing has been done about the real cause of the problem—the seniority system. Until a more realistic system of committee appointments is installed in Congress, southern Democrats are going to dominate its operations.

Why doesn't the President, during his honeymoon period, do something about this?

THREE MINUTES A DAY

By JAMES KELLER

BE HONEST, PLEASE EVERYBODY

Honesty got quick results for a 15-year-old Rhode Island boy last summer.

In a newspaper advertisement, he frankly stated that he wanted to sell a "leaky boat, a worn outboard motor, rusty tongs—all for $50."

"I was swamped with calls and I sold the gear," the boy triumphantly told his friends.

There is something refreshing about a person who is open and sincere, not simply because "honesty pays" but because he is convinced he should be true to God, to himself and to everybody else.

You can do your part to restore honesty to the market place by sticking to facts rather than resorting to evasions or glossing over knowledge to which others have a right.

Keep in mind that an honest world starts with you as much as with anybody. If you live continually in the presence of God, you will better comprehend the deep meaning of the old proverb: "Of all crafts, to be an honest man is the master craft."

"Let us walk honestly as in the day." (Romans 13:13)

Give me, O Holy Spirit, the wisdom and fortitude to do the "hard right" rather than the "easy wrong."

CUT BACK IN CIVIL SERVICE

State Finance Chief Urges More Private Contracting Of Work

By HENRY C. MacARTHUR

SACRAMENTO (CNS)—At least one state official has not succumbed to the blandishments of the ultra-ultra state civil service system, which demands that all work done for the state, with a few exceptions, be done by public employees entrenched in jobs from which they hardly can be fired.

This is John E. Carr, state director of finance, who is a former businessman, and as such can put his finger on how California taxpayers are faring in the civil service regime.

Carr is not backward in saying what he thinks on the subject. But a lot of other state directors, and legislators as well, while agreeing with his thinking, are reluctant to come out with it in public.

At a recent meeting of the governor's council, Carr suggested fewer civil service state employees, and more private contracting of state work.

"It might save the taxpayers some money," he said flatly. Probably this was the gross understatement of the year, considering all the advantages civil service employees have, and the high cost of maintaining a state personnel board and department to hire these employees. Also, the costs of hearing cases when the employees are relieved of duty.

"I might suggest," he declared, "that we do not fill some of these civil service jobs when they become vacant, even though they are authorized. It costs a lot of money taking off and putting on employees. We should try to level off the civil service force and try farming things out more."

By farming things out, Carr means giving more state work to private contractors, instead of fostering huge bureaucracies to handle the state's business.

The constitution provides, or has been interpreted, to require nearly all state work be done by civil service employees. Carr says he doesn't believe the constitution is as tight as it has been interpreted.

THE STATE has, in fact, robbed itself of the privilege of getting things done economically as the result of the interpretation of this provision.

And as a result, the people of California pay higher prices for services than if contracts were given the people who pay taxes to support the bureaucracies.

Many services now could be handled by contract if the constitution underwent some revision, or some more liberal court decisions were obtained.

AMONG THESE would be state printing contracts. While the state built up the biggest printing plant west of the Mississippi, private printers hard put to make a living, paid taxes to build the monolith.

Another would be architectural contracts. While private, tax-paying architects are wondering how to meet the tax burdens assessed on them, millions of dollars worth of state construction has been handled by the State Division of Architecture, manned by civil service help.

These are only two places where some improvements could be made. There are many more.

Questions On Death Penalty

EDITOR,
Independent-Journal:

Why should it be that California, which employs capital punishment more frequently than any state outside the Deep South, should continually be visited by all these spectacular crimes?

Why is it that we should have murders actually taking place in the prison yard at San Quentin on the very mornings when executions occur?

Does it not remind one of the olden days in England when pickpockets were hanged at public executions and when those attending the execution generally got their own pockets picked while watching a pickpocket being hanged?

Could it be that by insisting on this outmoded method of punishment, Californians actually are jeopardizing the lives and safety of their fellow-citizens, including a lot of innocent women and children, who would seem to be a lot safer in states which have abolished capital punishment or which use it only very sparingly?

Could it be that in pampering our lust for vengeance against the wrongdoer we ourselves tend to lessen the safety of everyone?

Incorporation Plan Needs Right Aim

EDITOR,
Independent-Journal:

Your newspaper accurately described the Jan. 25 "Incorporation" meeting of the Tiburon Peninsula Coordinating Council. I attended this meeting at which the council demanded the preservation of the status quo and continued its attack against Supervisor J. Walter Blair and other members of the Board of Supervisors.

I am certain that every thoughtful citizen and taxpayer on the Belvedere-Tiburon Peninsula is shocked at the arrogant statements about the future of this area and about the system of representative government made by this community's so-called coordinating body.

Although I am currently serving as president of the Tiburon Chamber of Commerce, I am writing solely as an individual citizen and Tiburon home owner and not purporting to voice the opinion of my organization.

As a concerned citizen, I am appalled at the intemperate smear aimed at our elected representatives and the shortsighted refusal of an articulate minority which has been repudiated by the voters to recognize the mandate so clearly enunciated on last Nov. 8.

The Belvedere-Tiburon Peninsula must follow a course beneficial to the interests of all of the people of the area, but we shall surely go astray if we follow the leadership of a selfish minority obviously stung into action by the defeat of its political candidate.

A study of the feasibility of incorporating the Belvedere-Tiburon Peninsula as a new city or of annexing a portion of it to the City of Belvedere can be of inestimable value in determining our future.

To be of value, however, that study must be objective and its motivation should stem from a desire for community betterment and not from a vindictive attempt at political reprisal.

Why School Was Destroyed

EDITOR,
Independent-Journal:

For several years I have been interested in Fairfax history. While in the course of doing some research on early schools of the area, I learned of something which I was curious about and which people who have moved here more recently may also have wondered about.

I learned that the present Central School was preceded by an older building. Pictures of it showed it to be rather interesting looking. I wanted to know why it had been completely replaced.

The school was completed and dedicated in the same year as the bank, and the architect for both of these buildings, as well as the pavilion was J. A. Porporato.

Centrally located on the basement floor was the assembly hall which seated 200. On either side were rooms, one being used for shop class and the other for homemaking. They had substandards, ceilings and poor lighting.

There were eight classrooms on the main floor. When the kindergarten class was adopted into the school, it was held in the Community Church on Park Road. Teachers had about 32 pupils in each class up until the war years, when, of course, the ratio rose.

There was a tower at the top of the building where the shop class was moved for awhile. However, there was no outside fire escape so it was not used for long. The floors in the building were wood and were oiled frequently to keep the dust down. The newer shellacs and floor sealers were not in use at that time.

There were two minor fires in the building, fortunately before school hours, and they were put out soon. However, in one of these fires most of the school records were burned.

In 1933, Long Beach had a severe earthquake which brought to light the need for safer schools in California. Many schools built prior to that time were not structurally designed to resist lateral pressures of earthquakes. The Field Act was enacted to correct these deficiencies. In essence this provides that no construction or alteration of a school building (in excess of $10,000) can be undertaken without the supervision of the state.

When it was felt that additional space was needed at the school, the State Division of Architecture made the inspection. They found the building unsound as it was not laterally built to withstand earthquake forces; also, the cement facade on the exterior of the building had cracked and allowed water to seep into the wood. There was evidence of dry rot and termite infestation.

Estimates on reconstruction of the then-existing building showed such a plan to be considerably more expensive than to replace it with a completely new school.

This is why the decision was made to destroy it and build another.

TRY AND STOP ME

BENNETT CERF

A monologist who specializes in the corniest of old gags got his come-uppance at an Indian banquet recently. After he had strung out his fifteenth antique, the chairman interrupted to tell him gravely, "We've decided to ask you sir, to please put your speech back on the cob!"

Two drunks were staggering through the lion house in a zoo when one lion gave a terrifying roar. "Let's get out of here quick," quavered the first drunk. "Don't be a fool," reproved the second. "The picture's just starting!"

A promising young French intellectual confessed to Voltaire why he was not married: he adored women—but they terrified him. "All the more reason to marry at once," Voltaire assured him. "A married man has only to fear one woman; an unmarried man has to be afraid of all of them."

There's A Difference Between Minuet And Turkish Cymbol

Times have certainly changed since I was an apple-cheeked lad pecking out Beethoven's "Minuet in G" on my music teacher's upright Steinway.

This was many years before the time was ripe for a youngster to indulge in music and still retain his social standing.

My roughly three years of musical endeavor came about in the late 1920s when, for a youth in his early teens to wear a starched collar and take part (with GIRLS!) in music recitals was sure suicide in the neighborhood where I played "duck on the rock."

TRY AS I MIGHT, I could never keep the disgrace a secret. I never became much of a musician, but I did develop some fancy footwork and a left hook respected from Kingsley to Western Avenue.

Fortunately for the future of the recording industry, the younger members of the human race today take a more lenient attitude toward those of their number who would bang out tunes instead of home runs.

I was amazed to learn, when my own youngsters came of age, that today's small fry can play musical instruments without wearing a black eye three weeks out of every four.

AND SO IT WAS that my 14-year-old and I walked into Miracle Music store the other day without so much as a backward glance to see if any of the gang down the street was watching.

Having, for the past few years, experimented with some success on the piano and the clarinet, my boy has decided on a career of drums, a decision which I doubt his immediate neighbors will look upon with favor.

Fortunately, I am not being asked to pick up the tab for the necessary instruments, for I find the day is long past when a father can walk into the five and dime store, pick up a 99-cent drum, with sticks, and make his kid deliriously happy.

Musical instruments these days, I find, cost roughly in the neighborhood of sports cars and inboard runabouts. He, however, being a small businessman with an I-J route, is now in a position to take care of such matters.

AS MY SON and the drum salesman did not discuss Beethoven's "Minuet In G," much of their talk went over my head.

I did learn, though that a cymbol costs roughly the same as an MG carburetor. It seems this essential part of the percussion set, on which drummers bang furiously, must be made of spun wire by Turks in Turkey before being considered worth banging on. Any substitute, I am told, is looked on in the trade as nothing more than a pie plate.

ALL OF WHICH, I feel, should be of some comfort to the neighbors during practice sessions.

I report all of this merely to show that we, as a civilization, are making some progress in fields other than the manufacture of atom bombs with which to blow up musicians, along with their instruments.

Also to serve notice on Gene Krupa and Shelly Manne that it is time for them to move over.

Another one is on his way up.

President Must Convince People He's Not Just Crying Wolf

WASHINGTON—The President's message is a report on conditions at home and abroad as the new administration finds them to be when it takes office. The report differs sharply from that of his predecessor.

"The American economy," says the President, "is in trouble." The problems which confront us around the world are staggering in their "harsh enormity." For "the tide of events has been running out and time has not been our friend."

The crucial question is whether the President can convince our people that the trouble is real and that he is not crying wolf.

THE GREAT TASKS which the President proposes to undertake at home are concerned with conditions and problems that are not immediately visible to everyone, such as the misery of the unemployed at home or our declining power and influence abroad. These are conditions which have to be seen with the mind and imagination and felt with a compassionate heart.

In his message, the President spoke first of domestic affairs, which includes the problem of the balance of payments. This is the true order of things. While our problems at home "pale when placed beside" our problems abroad, it is only by dealing effectively with our problems at home that we can acquire the resources to deal with our problems abroad.

THE CORE of the problem at home is that during the past seven years the American economy has been throttled down to a sluggish pace. For the past few months we have been in the third recession of this decade. Indeed this recession comes upon us after we had failed to make a good recovery from the previous recession of 1958.

Recession imposed upon sluggishness means not only unemployment and idle plant capacity and all the rest. It means also a chronic inability to meet our public needs at home and abroad.

This is the central problem which must be resolved.

AS COMPARED with the discussion of the domestic economy, the passages devoted to foreign affairs are less informative, and indeed more uncertain.

This is due, I believe, to the fact that while the domestic section is founded upon a well-known and well-tried modern economic philosophy, there exists as yet no comparable statement of American foreign policy in the new world situation—of Russian nuclear parity, of the prospective achievement by China and others of nuclear power, of the emergence of new nations out of their colonial past, of the spread of what has been called the revolution of rising expectations to the Western hemisphere.

In foreign affairs, the Kennedy administration has an obsolescent body of doctrine with which to face the world. It has before it the task of restudying, and revising, and re-educating before the hand-me-downs and the leftovers from other times are discarded.

While the message shows that it has not yet been done, there are all the signs of a great will to do it.

SCIENCE SEARCH

Marin Student In Talent Finals

Story and photos
By CARLETON WILLIAMS

Although he is one of 400 American high school students chosen as finalists in this year's Westinghouse science talent search, Don Phelps of San Rafael is a surprisingly relaxed young man.

"You can't win 'em all," is his philosophic reaction to the very practical fact that he may not be one of the few winners chosen to share in $34,000 in college scholarships.

Don, a 17-year-old senior at San Rafael High School, was one of 25,355 students across the nation who entered the contest.

Don's project involved the purification of an enzyme—phosphotoglyceromutase. According to the young bio-chemist, an enzyme is a compound made up of many atoms and which, in its natural state, is contaminated with other particles of matter. His method of purification was by a method known as "electrophoresis," which required the enzyme to be subjected to a positive electrical charge, then isolated through an "exchange technique" which, by means of an additional charge, forces off the negatively charged impurities.

Young Phelps, whose father is principal of the school he attends, considers himself a "Johnny come lately" to the field of science. Until he was in the eighth grade he was not an outstanding student and much of his energy went into such activities as football, swimming and "just having fun."

It was just before his entry into high school that he caught fire as a "brain," turning his attention to such things as Geiger counters and bio-chemistry.

"I want to go into basic, non-commercial research or teaching," he says today. Despite the fact that bio-chemists in industry are likely to start at better than $15,000 a year, he is not interested in the industrial branch of the work.

"In industry you have to read books and derive a practical application from what you have read," he explains. "I would rather work in a laboratory and write books."

He realizes that he faces eight or 10 years of college before he will achieve the status of a research chemist, but considers the goal well worth the effort.

Despite his high ideals regarding his chosen field, Don is no dreamer and earns a living during the summer by working as a television service man and as a laboratory assistant at the University of California, where his experiment was performed.

Dr. Victor Rodwell of the UC Medical Center in San Francisco inspired him to begin work on his project of the isolation of the enzyme. Dr. Rodwell suggested the experiment as one that "no one had accomplished before — and it might work."

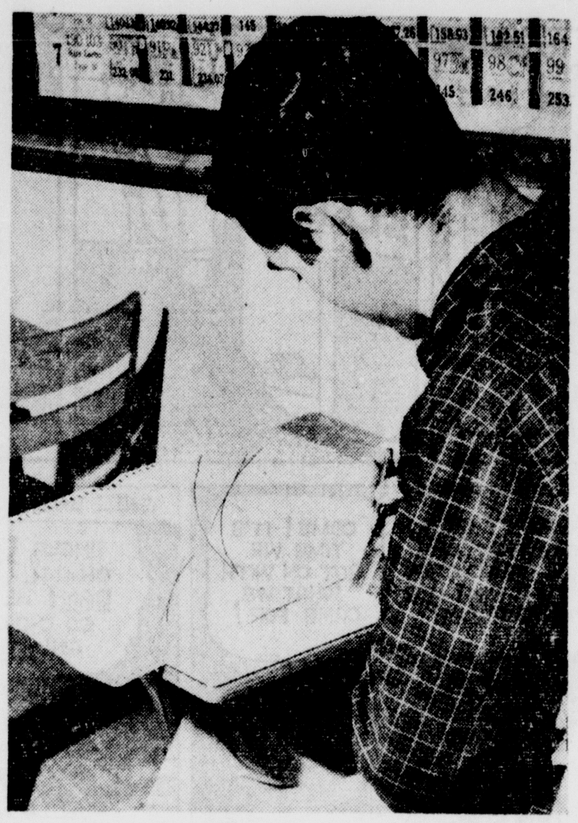
Although he is considered a "brain" among his classmates, Don is not a straight A student, averaging about a B-plus in all subjects. "Some of my teachers are mad at me," he confesses. "They think I don't work hard enough. But I seem to know enough when finals come around."

Winning top money in the Westinghouse contest would mean a great deal to the young man, but he is aware that the odds against him being chosen number one are great. Even to have been selected among the top 400, he feels, required an extraordinary amount of luck.

Win, lose or draw, he will still wind up as a working research bio-chemist.

He has that kind of determination.

YOUNG SCIENTIST—Don Phelps, 17-year-old senior at San Rafael High School, is shown at work on his project which netted him one of the top awards in the annual Westinghouse science talent search. With him is William Dresia, head of the physics department at the high school, who Don says is the man who "inspired him" to enter the Westinghouse contest.



PAPER WORK—The groundwork for his project on isolating an enzyme is prepared by Don Phelps, San Rafael High School senior who was chosen among 400 nationwide winners in the annual Westinghouse science talent search. Here the young scientist is shown "determining the slope of a curve" with which he determined the quality of the enzyme which he purified.

Speeder Given Fine, Jail Term

William H. Brown, 24, a Sonoma ranch hand who drove nearly 100 miles per hour in rain over the Black Point Cutoff last Monday, drew a jail term and fine yesterday in Marin Municipal Court.

Judge Harold J. Haley sentenced Brown for reckless driving. Brown is on probation for six months, and for the next 90 days may drive only for work between 7 a.m. and 7 p.m.

He must serve 10 days in jail on weekends, and pay a $50 fine. California Highway Patrolman J. H. Kendricks chased Brown at 100 miles an hour, and caught up with the speedster when he slowed down at the Highway 101 signal.

Republican Committee Will Meet In March

SACRAMENTO (AP) — The Republican State Central Committee will meet in Sacramento March 10-12, Chairman John Krehbiel announced.

"California Republicans are wasting no time preparing for the '62 elections," he said. Krehbiel predicted a "painful repudiation" of the Brown administration by the voters.

Tam District Plans To Drop Oral English

Oral English will be dropped as a separate course required of students in the Tamalpais Union High School District, director of instruction Robert D. Torrey announced today.

The decision resulted from a recommendation in a report by English teachers who made a month-long study of the English program in the district last summer.

Students at Tamalpais, Drake and Redwood High Schools now are required to take a semester of oral English in their junior year. Next year junior English will be a continuation of the freshman and sophomore program, emphasizing writing, grammar, literature and speech.

Torrey said the revision would "eliminate a major gap in the continuity of these English skills."

5-Week-Old Marinwood Girl Chokes To Death

A 5-week-old girl, suffering from a touch of pneumonia, choked to death at her Marinwood home yesterday afternoon.

Her father, rushing to get home from his work in San Francisco, demolished his car in a collision at Bay and Hyde Streets but escaped serious injury.

By the time Richard A. Milward, 35, of 2571 Heatherstone Drive reached home, his daughter, Maureen Patricia, was dead. Milward works for California Packing Co. in San Francisco.

Mrs. Marie P. Milward called for help about 2 p.m. when the infant began choking. Marinwood Fire Chief Donald G. Ray rushed to the scene and attempted to revive the infant by mouth-to-mouth breathing. He called San Rafael firemen, who used a resuscitator. But their efforts were fruitless.

The family doctor told Sheriff's Deputy Harold Goerndt that the infant had been ill for a week.

An autopsy was to be performed today at Keaton's Mortuary in San Rafael, where funeral services are pending.

The Milwards have three other children: Anne, 8; Michael, 6, and John, 2. They moved to Marinwood from San Francisco last June.

Mrs. Milward said the accident in San Francisco happened when another car made a sudden left turn in front of her husband's car. No one was hurt. Milward's sales manager, Robert Reid of Lucas Valley, brought him home.

A sea creature with no mouth, digestive system or means of breathing is known as the pogonophore.

To Attend Conference

Keith MacNab, Sir Francis Drake High School chemistry teacher, will attend a meeting of the Chemical Education Materials Study tomorrow, at Harvey Mudd College in Claremont, Los Angeles County.

Filippo To Run For Council, Not For Mayor

Joseph R. Filippo, San Rafael contractor, said today he will not oppose John F. McInnis for mayor in the San Rafael city election April 10, but instead will run for city council.

Filippo, in an "open letter," said:

"Recently I made a statement that I would run for mayor of San Rafael. After much careful and serious thinking, I came to the conclusion that at this time I could better serve the people of San Rafael if I was honored by being elected to the council. Therefore, I have definitely decided to file my application in the coming election for councilman."

Filippo's decision left no opposition for Mayor McInnis in sight—although there is plenty of time for some to appear before the close of filings on March 19.

His decision increased to five the number of avowed candidates for the city council posts now held by Louis H. Baar and David Menary Jr. Both Baar and Menary have indicated they plan to run, as have general contractor Michael McLean and plumbing contractor Orlando Conti, both of whom were unsuccessful candidates in past elections.

Filing of certificates of candidacy will open Feb. 17.

Land-Cruising through the Rockies and the Sierra

Two full days of enchanting scenery—and only the Vista-Dome California Zephyr lets you see it all!...

By LUCIA LEWIS
Well-known Travel Editor

You can travel between Chicago and the West Coast in three ways (or make it six, if you toss in horseback, bicycle, and hiking).

But I am happy with my rediscovery of the rail-way. I rediscovered this travel pleasure when I traveled from Chicago to San Francisco on the California Zephyr—a true luxury train (both first class and coach) which operates via Denver and Salt Lake City, over the Burlington, Rio Grande, and Western Pacific railroads. Both westbound and eastbound, its schedule gives you daytime travel through the prize scenic areas. This is a cruise on land—travel that helps me make the wisest use of time for work, pleasure, or both.

Writing is my job. But it doesn't feel like work aboard the California Zephyr, because every

time I glance out the window I am stimulated by the longest parade of beauty along any railroad, here or abroad. And the five roof-top Vista-Domes give every passenger a front-row view!

Even today, no highways penetrate to much of the most sensational scenery in Colorado and California. Only the rail-builders have blazed their trails here.

Busy cameras must make the Zephyr seem like a year-round Santa Claus to film manufacturers, for both eastbound and westbound this train displays scenery which keeps still cameras clicking and movie cameras whirring.

Westbound, you start along the Burlington; through serene Illinois farms and villages that seem a world away from Chicago's turmoil. As night falls, you cross the Mississippi—and, when dawn comes, the Rockies rise along the western horizon. Breakfast time finds you in Denver, about to begin the Rio Grande Railroad's

spectacular climb up the Rockies. Suddenly you're in a mountain wonderland.

All day long, the train winds through Byers, Gore, Glenwood and other Colorado canyons. Only when you gaze up at the peaks from way down here can you truly grasp their grandeur.

A blaze of glory winds up your day, on the Colorado-Utah border, in Ruby Canyon . . . aptly named for its crimson cliffs and pinnacles. The whole canyon is bathed in a rosy light; even the gray-green sagebrush turns pink in the afterglow as the sun sets behind the red rocks.

Next morning the Western Pacific Railroad shows you the pine-cloaked beauties of California's

Feather River Canyon for hour after hour. Through this 118-mile canyon, the river tumbles fiercely around rocky islands and over many-colored boulders and foam flies in white plumes, reminiscent of the wild pigeon feathers that gave the river its name.

Finally you roll out on California's Central Valley. Here fruit trees blossom while there's still snow back home. You gaze out at rice fields and vegetable farms from Marysville to Sacramento to Stockton, and roll into Oakland by mid-afternoon. The white towers of San Francisco, shining on their hills, welcome you across the great Bay Bridge.

This is the way to *use* time—on a land-cruise for rest or for undisturbed work—and always for joy in communion with 2,500 miles of your country at its splendid best.

Another Dimes March Dinner Set; Ignacio's Full Of Good Restaurants

The March of Dimes isn't quite over in its entertainment programs and the Rancho Nicasio dinner tomorrow night is likely to be well worth making the trip from any Marin area to take it in.

We hear that Nick Kobseff and Glenn Kerch have secured the services of Don Sherwood who has such a TV following that sponsors have to stand in line and make reservations for a spot weeks in advance.

Bill Endicott, TV announcer, will be master of ceremonies again for the evening, and he has promised an impressive array of talent to keep things lively with music and dancing.

UNDOUBTEDLY the appearance of Dick Stewart, popular on KPIX Dance Party, as master of ceremonies at Sabella's March of Dimes dinner last Monday night had a lot to do with the evening's success which chalked up $2,240 to the fund.

And if Sabella's is short on menus this week it's all because so many of them went home with the guests — with Dick's autograph.

Noteworthy on the entertainment program were humorist George Lamont and a good draw of Hungry I talent and others from San Francisco — Jack Burns and George Carlin, and Stan Wilson and Lenin Castro (no relation to you-know-who). Also accordionist Jack La Rocca and another La Rocca —Sil, I believe—at the piano.

Gene Byrnes orchestra, which plays weeekends at the Colonel's Ranch Wagon up the road, came over to liven things up after dinner and Monie Mulcahy and Doris Gurley spelled each other filling in the gaps with organ music.

Honored guest was San Francisco Mayor George Christopher, state chairman of the March of Dimes.

WHAT FRANK GALLI has to say about Ignacio is plenty right now and would take up the better part of this column without any reference to food. In fact, trying to get him to talk about anything else is wasted effort—his mind is too full of preserving his town's name for posterity.

If it is any help to his cause I might just mention that his own home ground—Galli's restaurant — is a perfectly good reason for keeping the area designation alive, being right smack in the middle of it and a landmark in its own right.

A dinner here is likely to make you agreeable to Frank's viewpoint without one word being spoken. And it might capitalize on that by calling its steaks "Ignacio steaks" which are so big and tender that all others you have eaten in the past diminish in size and recollection after the second bite.

The first bite is allright, too, but that usually disappears so fast you have to linger over the second one to assure yourself you weren't dreaming.

YES, IGNACIO has a lot today to keep it on the map, from the restaurant viewpoint alone.

Just a stone's throw northward from Galli's Andy Yonan, manager of Rickey's is making great headway in restoring the Rancho Rafael to prominence in little under-the-surface ways that are less noticeable for their application than for their effect. Indications come out in bits of conversation with old customers who are quick to detect the signs of improvement.

A small thing to mention out of so many other delicious dishes prepared by chef Bart Bartolo — but for lunch you might try the breaded veal steak Montecristo with fresh mushroom sauce, a hearty and satisfying mid-day selection.

AND STILL, in Ignacio, look for noteworthy accomplishments in Nero's Room at the Nave Bowl, which is doing very well thank you, but not enough people have "discovered" it to bring the acclaim to which it is entitled.

Maybe it's too new and radical to associate fine food with a bowling alley, but it can be done and the Naves are doing it.

ONE MORE—Dave Bellucci, who ventured gingerly into the restaurant business by way of a spaghetti house in conjunction with his Sky Lark Motel directly opposite Hamilton Field, has gone a step farther and added a half dozen pizza formulas to his menu.

That's it. Dave is sunk. He might have thought he was going to stay on the fringe as a sideline restaurateur, but he's in it now and I look for him to keep adding and adding. The first thing you know he'll have a full line of Italian dishes in keeping with his name.

Dave, you know, was among those who acquired one of the new wine and beer licenses recently. It balances the food well. Dave's selections are not as extensive as some but they are well chosen, and like his food line, who knows where he'll go from there?

YES, FRANK GALLI, make Ignacio synonomous with good eating and you won't have any trouble getting them to remember the name.

Build a better mouthtrap and the world will beat a path to your door.

CAME OUT FOR PHOTO AND SAW HIS SHADOW

The groundhog (woodchuck, if you insist) on right was so busy watching the camera maybe he didn't notice the shadow after all. Cameraman is a raccoon. This is just one of the interesting pictures in a color film, "Animals at Home and Afield," to be shown by the man who took it, Robert C. Hermes of Homestead, Fla., on the Audubon Screen Tours program at 8 o'clock tonight in Olney Hall on the College of Marin campus.

Sausalito 'Misalliance' Carries Authentic Ring

By DOROTHY SLATTERY

The Shavian play, "Misalliance," that opened last weekend at the Sausalito Little Theater, came across the footlights with an authentic British quality not always seen on the local stage.

A glance at the program notes explains one reason the characterizations — for the most part — are vital and realistic.

Many of the actors are either from England or the Commonwealth. Their accents are consistent and their portrayals not hampered by an obvious effort to keep their As broad and Ts crisp.

The other reason stems from Fred Adair's deft direction of the wordy, two-act play written by George Bernard Shaw in 1910.

The plot evolves from the planned marriage of Hypatia, bored daughter of a self-made wealthy linen draper and, Bentley Summerhays, "over-bred" son of an English knight.

Hypatia is played cooly and arrogantly by Iris Hayes. Phil Dizick added a weak and cloying Bentley whose main concern in life is thinking and provoking others with a barbed tongue.

From these two the misalliance moves on from character to character and situation to situation.

Hypatia's wealthy father, John Tarelton, is played magnificently by Cliff Potter. Tarelton is the pivot Shaw revolves the play around. He is loud, egotistical, shrewd businessman who wants to be a man of letters. He drops the titles of books and authors the way a social climbing dowager slings prominent names.

But Tarelton lives in a dream world. He supports the free library, has an occasional affair of the heart and decries the fact that Hypatia and her brother, Johnny, played by James E. McCready, are separated from him by a thick wall that he can't see over.

When Hypatia confronts her father with facts that make him realize that she has seen over the wall, Tarelton knows himself for the first time. Potter's hurt, raging as the wounded father and deflated man, is outstanding, and one of the most human moments in the play.

Shaw used this play as so many of his other works to deliver a social message.

Three segments of English society of the early 20th Century are drawn in the characters.

Bentley's father, Lord Summerhays, done adequately by Dan Garrett Jr., represents the position of the English aristocracy.

Tarelton symbolizes the self-made man of the middle class.

The position of down-trodden-worker turned angry socialist by economics is reprsented in the cockney character. Gunner, played in an excited vein by Warren Smith.

Gunner emerges from the group, bullied but victorious, shaking his fist angrily under the noses of his "betters," threatening reprisal in the future and screaming that he doesn't give a hoot for the rest.

In 1910 when this play was first produced, Gunner's position and diologue probably crashed down on the audience like a thunderbolt. Today, more than 50 years later at the other end of a social revolution and countless plays and books on social development, Gunner comes out redundent.

Lynne Arden as a muscle-bound Polish acrobat, Lina, was vitally alive. She delivered her lines with clarity and strength. When she was on stage the tempo intensified.

The actors deserve quite a bit of credit for injecting plasma into the dated, philosophical piece.

Shaw's work is reputed to appeal to a limited audience. The Sausalito Little Theater's handling of Mr. Shaw has made "Misalliance" worthwhile theatergoing for a far from limited audience.

The performance will be repeated on Fridays and Saturdays through February.

Development Plan For Hub Wins Support

San Anselmo's downtown development plan, being prepared by Wilsey, Ham and Blair of Millbrae, won a shot in the arm yesterday when the San Anselmo Chamber of Commerce gave its unanimous backing.

On a motion by Mozart Kaufman and second by A. von Rotz, the chamber board of directors unanimously approved the precise plan for development and urged the city fathers to proceed full speed with the work.

Twelve members of the chamber board of directors were present at yesterday's luncheon meeting.

In general, the plan would create a new shopping center from San Anselmo Avenue westward to a new north-south thoroughfare running from Ross Street to San Rafael Avenue. Parking lots will be strategically placed among the commercial buildings to give as much as two and one-half to one parking.

When the traffic circulation is worked out for the shopping center, a pedestrian mall will be created on San Anselmo Avenue and perhaps on Tamalpais Avenue.

Doesn't Like Jail So Just Leaves Town

CORPUS CHRISTI, Tex. (AP)—A man ejected from a local rescue mission called police and asked to be put in jail for the night.

Police told him they could arrest him for vagrancy but he'd have to spend several days in jail. "No thanks," he replied, "I'll just leave town.

Angel Island To Be Freed Of Nike Site

Prospects of all of Angel Island becoming a state park have been brightened with an Army announcement it plans to abandon its Nike missile site there.

The State Division of Beaches and Parks said that means the site will revert to the Land Management Bureau and thus be included in negotiations under way in Washington for state acquisition of the island.

The Nike abandonment is part of a nationwide program to replace Nike-Ajax missiles with Nike-Hercules.

Marked Bay Area sites include Mount Diablo, Dixon-Rio Vista, Suisun City and the regular Army part of a double battery in Oakland's Tilden Park.

Road Costs Decline

SACRAMENTO (UPI) — Highway construction costs in California dropped slightly during the last three months of 1960, the State Division of Highways has reported. The division said that the decrease, together with small fluctuations earlier in the year, pointed to a period of stability in prices.

Don't Change Search Law, Solon Warns

SACRAMENTO (UPI) — The chairman of an Assembly committee that must pass on narcotics legislation warned today against attempts to modify search and seizure laws.

Chairman John O'Connell of the Assembly Criminal Procedures Committee raised the possibility that such new laws, if adopted, might be declared unconstitutional anyway.

Gov. Edmund G. Brown, a number of legislators and Atty. Gen. Stanley Mosk have called for broader laws specifically in narcotics cases to untie the hands of law enforcement officers.

Under present laws, evidence that is obtained in an illegal manner by law officials cannot be entered in court against an accused.

O'Connell also argued against proposals to allow officers to keep secret the names of their informants—another bulwark of administration anti-narcotics proposals.

MAY CUT FUNDS

Opposition Predicted To School Tax Plan

SACRAMENTO (AP)—Legislative opposition to a proposed countywide school tax was predicted today by the chairman of the Assembly Education Committee.

And the lawmakers may whittle down the extra money for schools asked by Gov. Edmund G. Brown and the Education Department, said Assemblyman Richard T. Hanna (D-Garden Grove).

Brown has asked an extra 41 million dollars in state aid for schools, which would only take care of expected additional enrollment. The Education Department asks 44 million dollars on top of that to improve the quality of education.

Hanna said the legislature may cut that down to a figure "closer to 25 million."

The county-wide school tax would raise school property taxes in rich districts, producing an additional 21 million dollars.

Hanna says disagreement over what to do with the extra money could kill the plan.

The Education Department wants to spread it over all districts in the state to raise the quality of general education. The governor, in his budget message, proposed spending it on special programs for gifted and emotionally handicapped children and junior college students.

Later, Brown said he would let the legislature decide what to do with the revenue.

"Personally, I think it would be a mistake to set up a special educational fund," Hanna said.

"The governor has expressed himself rightly in being against special funds in the administration. Then why have them for education?" he asked.

However, if the money was spread through the districts, Hanna said, they wouldn't get very much. The Education Department says districts would get an extra $5 per elementary student and $16 per high school student.

As for more money for schools, Hanna said "I just don't think we'll be able to come up with the money they're talking about."

ACTION ON TAXES

Property taxes in Marin County have increased over 120% in five years. This confiscatory trend with minor limitations under present tax laws is causing concern.

Your Marin County Taxpayers Association is recommending that an ordinance be passed so that not more than 25% of the gross tax levies of the county (including schools and special districts) exclusive of bond redemption and interest may be raised by real and personal property taxes. A gross transaction tax of not over 2½% would be one fair way. Undoubtedly there are many other equitable methods to accomplish the desired aim of spreading taxes more evenly among all citizens of the county.

We believe this would make it possible for thousands of people working in Marin but living and spending their earnings outside to live here. It would create a demand for new homes. It would definitely stop businesses from moving out of the county because of unbearable high property taxes. It would bring new business and industry to the county and save home owners, farmers and businessmen approximately one half of the present taxes they are paying.

The power to tax is the power to destroy. We urge all voters to help keep this power in your own hands for your own future welfare and that of your children.

In unity there is strength. Now is the time for you to become actively associated with your Marin County Taxpayers Association.

READY FOR RING TOURNAMENT

These four oustanding Hamilton Air Force Base boxers, clowning around with medicine ball, will be gunning for championships next week in an all-service ring tournament scheduled at Hamilton. From left are Fred Lewis, light heavyweight; Dean Harrison, light middleweight; Ralph McCoy, welterweight, and Ted Lawrence, light welter. The invitational tournament, scheduled Feb. 7-10, will feature top boxers from the Army, Navy, Air Force and Marine Corps. (Air Force photo)

FOUR-WAY TIE COULD DEVELOP IN . . .

Crucial Marin Contests Tonight

Marin County Athletic League's ding-dong basketball championship race reaches the meaty portion of the menu tonight with a schedule that could throw first place into a four-place tie at the end of the evening.

The two first place teams battle the two second placers as the featured attractions. It's Drake (3-2) at Redwood (4-1) and Tamalpais (3-2) at San Rafael (4-1). The other game tonight sends Marin Catholic (1-4) to Novato (0-5).

Victories by the second place clubs could make the league lead look like a Boy Scout knot-tieing class, and that would not be surprising. In their first meeting Tam knocked off San Rafael 46-31, busting a close game open with a hot finish. San Rafael, however, hasn't lost a game since as Bulldog Randy Petrini came on to become the league's scoring leader.

Tonight's game is expected to be much closer.

At Redwood, meanwhile, the fast-coming Drake Pirates will be out to avenge a 29-28 heartbreaking loss to the Giants in the first half of the schedule. And, Drake fans feel Coach Carl Brown's Pirates have just the weapon to do it in 6-foot-4½ Bill Wallace, a transfer student from San Francisco, who became eligible this week. Against Analy in practice Tuesday Wallace tallied 24 points and showed all the moves of a star. Wallace takes much of the scoring load off the talented Mike Bresnan.

However, in the past Coach Dick Hart's Giants have managed to contain the league's scoring star with Ned Griffith and Butch Brear playing key defensive roles.

Marin Catholic, loser of four straight, is favored to hand Novato its sixth straight setback. In their first meeting Marin had it easy with a 37-25 victory.

Class B preliminary games start at 7 o'clock on all fronts.

ALONG MARIN'S SPORTS TRAIL

Meatballs Replace Golf Balls At Marin Links In Italian Tourney

Spaghetti benders will now please snap at attention. Eyes (and i's) right! Present arms!

Sunday's gonna be a-big a-day for the gay paisanos of our county. Marin Golf Club, or rather the Italian members thereof, will present a new and colorful chapter to the local sports scene. It's an "Italian Carnevale" golf tournament and the entry list has mushroomed (spaghetti sauce mushrooms, that is) into something that reads like a riot scene out of "The Untouchables," minus, of course, Eliot Ness.

A brainstorm of Frank Sampietro, popular manager of the club's cocktail department, the carnival will convert the picturesque country club into a little Italy for the day.

Sampietro dreamed up the gimmick when he discovered there are some 40 Italian members of the club. All probably will play, but to add to the entry list the paisanos adopted non-Italians for a day.

For example, yours truly is listed as "Gimi Gilmartini."

FORMER FOOTBALL hero Ernie Nevers will answer to Ernesto Neversoni. Colin Hill, another former grid star, will sign his scorecard Colin Montagna, meaning hill in Italian. I think.

The club is going all out for this shin-dig. For examples, the water hole at the seventh hole will feature a gondola. Accordion music will fill the air and barrels of vino will be situated at certain holes to refresh the contestants. In fact, Marin soon may have the only golf course in the world with purple greens.

To carry out the theme, Sampietro has obtained small Italian flags for the 18 pins; every one of the more than 120 entrants is asked to wear a costume; and an Italian feast to end all Italian feasts will be prepared for the post-tourney celebration in the form of a stag party.

IN CHARGE of the mangia are Hector Rubini and Guido Farina of San Rafael Joe's Restaurant. We understand the menu will feature stuffed squab, wild rice, antipasto, pastes and, of course, vino. The chefs, incidentally, will play the tourney wearing their occupational uniform, high white hat and all.

Another highlight of the evening should be the playing of "O Sole Mio" by Club Manager Gordon Wardlaw—er, Wardilucci. On the bagpipes yet!

Getting back to the entry list, it features many authentic Italians, including Syl DeMaestri, Frank Alioto, Fred Apostoli, Dante Pareglio, Fred Acciari, Ken Molino, John Mangini, etc.

BEYOND THAT, however, the imagination takes over. Hal White will be Hal Bianco. Art Schallock, the former Yankee pitcher, is now Art Schallochini, which sounds like what they ought to serve him at the dinner. Shoe merchant Irv Chapman will answer to Irvano Champanello and theater man Nate Blumenfeld, the club's champion, signs in as Natali Blumenfeldini.

Paul O'Pizzi, popular San Anselmo golfer, probably will be asked to amputate the O'.

The large entry list is divided into two teams—the "Spaghettis" versus the "Meatballs."

And any one who hits a meat or golf ball out of bounds is required to holler "quatro!"

Mama, mia, pasta fazzo, please.

INTOXICATING news: Mr. Jack Daniels of St. Helena won a prize this week in a sports fishing contest. The contest is sponsored by Schenley's.

Sudden Wealth, Fame Unnerve Don January

By HAL WOOD

PALM SPRINGS (UPI) — Don January, a fine golfer who has played the "supporting role" in more tournaments than he cares to remember, found the price of fame a bit unnerving today following his $50,000 ace yesterday in the Desert Classic.

January hit the jackpot on the 15th hole at Indian Wells in the second round—and thus won more money on one swing of his club than he ever had won in three years before.

"But now I can't turn around without someone handing me a telephone," he said later. "Within minutes after I got off the course there were telephone calls from Chicago, Dallas, St. Louis and Hollywood. You press fellows got the news around the country in a hurry."

He was not complaining. He just wasn't used to the life of a celebrity who made more money in five seconds than most breadwinners do in four or five years.

How does a man feel getting rich all at once?

DON SURPRISED

"Well, to tell you the truth," he said, "I didn't believe the ball went in the hole. I was looking for it in a palm tree back of the green.

"When one of my playing partners told me it was in the hole I thought he was kidding."

So what's he going to do with the money?

"We can use it," he said. "I have a wife, a son and a daughter and we're expecting another baby this summer.

"I hope to save most of what Uncle Sam doesn't get."

It was January's first hole in one in 24 years of playing golf—and he had to admit that the law of averages favored him connecting over many of the other pros. Art Wall, who has played about as much golf as January, for instance, has had 35 aces.

PLACID INDIVIDUAL

January is known on the tour as something of a placid individual. He seldom shows any emotion and rarely displays more than a tight-lipped grin. But when he posed for cameramen he grinned from ear to ear and even laughed out loud.

He held up the ball displaying a scar on it, where it hit the rim of the cup when it went in on the fly. He was asked what he planned to do with the ball.

"I think," he said after a moment's hesitation, "I'll have it stuffed."

Mengert Sets Pace In Desert Classic

PALM SPRINGS (UPI) — Al Mengert, usually a stay-at-home club pro, was the leader today going into the third round of the 90-hole $50,000 Palm Springs Golf Classic—but Don January was already the big money-winner with a $50,000 hole-in-one.

Mengert, 31, who has club jobs at St. Louis, Mo., in the summer and at Phoenix, Ariz., in the winter, fired a second-round 65 yesterday which, with his first round 68, gave him a 36-hole total of 133. January, also 31, who is a regular on the pro tour, also had a second-round 65. With his first round 76, he had a 36-hole total of 141 in a tie for 35th place but he could quit now and be ahead money-wise.

His ace, for which he will collect $50,000 unless he has to share the pot with a pro making a hole-in-one in subsequent rounds, came on the 148-yard 15th hole at the Indian Wells course, one of five courses in this circus-like tournament.

HIS FIRST ACE

January, who had never before made a hole-in-one in 24 years of golfing, used an eight-iron to dunk his tee shot right into the hole on the fly.

At that, his was not the only ace of the day. Amateur Sam Tobias of Bakersfield holded his tee shot on the 217-yard 12th hole at the Eldorado course. Tobias, a 17-handicapper, and the momentary hero of duffers all over the world, wasn't even trying—he used a driver on the hole.

Tobias won a golf cart valued at $1,000 for his ace. Another highlight of the second round was a sizzling eight-under par 63 at the Thunderbird course by giant George Bayer — the best round of the day. Bayer had a two-round total of 135 and was in a four-way tie for fourth place with Jay Hebert, 66-69, Lafayette, La.; Fred Hawkins, 67-68, El Paso, Tex., and Dave Marr, Houston, Tex., 65-70.

ROSBURG SECOND

In a tie for second place behind the 36-hole leader Mengert—both at 134—were Bob Rosburg, San Francisco, 65-69 and Art Wall Jr., Pocono Manor, Pa., 67-67.

Marr and Rosburg were in a six-way tie for the lead at the end of the first round with Ken Venturi, Palo Alto; Charles Sifford, Los Angeles; Cary Middlecoff, Memphis, Tenn., and Dow Finsterwald, Tequesta, Fla. All had 65s.

Sifford national Negro Open champ, slipped to 71 and had a 136, the same as Venturi.

Finsterwald sagged with a second round 73 for a 138 two-round total and Middlecoff plummeted to a 76 and a total of 141.

PRO-AM LEADERS

Individual professional leaders in the pro-amateur division of this intricate tournament after two rounds were: Don Whitt, Borrego Springs, Calif., who had a best ball 39 under par, and Venturi and Ronnie Reif, San Diego, who were 38 under.

Three amateurs play with a different pro each day for four rounds and the pros go it alone in the fifth round Sunday at the Tamarisk course.

Defending champion Arnold Palmer had a solid 68 second round to go with his first round 69. At 137 this put him in a tie for 12th place.

S.F. Boat Show Opens; Regatta Ends Sunday

By ALFRED MATSON

The 17th San Francisco National Sports and Boat Show opened at the Cow Palace today and will continue through Feb. 12. As, since its inception, the show continues to have growing pains.

This year's extravaganza will occupy, for the first time, not only the main building but all six connecting pavilions as well. The increased space was found mandatory to accomodate all of the 400 required exhibition booths.

For the boating enthusiast there will be the complete gamut from the smallest dinghy to the majectic 47-foot Stephens cruiser, with many sailing craft up to 37 feet as well.

Tp?-

Week days the show will be open from 2 p.m. to 11 p.m., Saturdays from 11 a.m. to 11 p.m. and Sundays from 11 a.m. to 7 p.m.

THE CURTAIN will fall Sunday with the fifth and final regatta of the mid-winter series.

Regardless of weather conditions, there should be a healthy turnout of the many classes and divisions as, in many instances, point scores are so close that this final chapter will determine the winter champions.

Rules that prevailed in the previous races will be in effect. The program will get underway at 11:30 a.m. with the Acorn and Pacific classes leading the parade. The other groupings, as listed, will get the starter's gun at five-minute intervals with the Cruising Club contenders tail-ending the procession at 12:30 p.m.

TARS TAKE ON LOOP LEADING SHASTA QUINT

College of Marin Tars hope to take a big step toward first place in the Golden Valley Conference basketball race tonight when they tackle the leading Shasta College Knights of Redding at Drake High School's gymnasium starting at 8 o'clock.

Marin, in a second place tie with a 3-2 won-lost record, lost to Shasta (5-0), last month 55-48 in their first meeting. In that game the Tars missed 15 out of 27 foul shots, so Coach Cal Riemcke hopes their accuracy has improved greatly since then. Shasta is known around the league for its rough-house play, so sharp foul shooting by the opposition is a must.

Marin this week welcomed the return of last season veteran Dale Aman, who was ineligible for the first half of the schedule. He should add more punch to the Marin attack built around the sharp shooting of Ron Blum and Lynn Livie.

Ortiz Outpoints Andrade, Wants Champ Brown Next

LOS ANGELES (AP)—"I want Joe Brown. How long can he go on ducking me?" Carlos Ortiz asked today after an easy but lackluster 10-round victory over veteran Cisco Andrade.

Before last night's scrap, Ortiz said he planned to knock out the 30-year-old Andrade just to show up lightweight champion Brown. The handsome Puerto Rican caught Andrade several times in the early rounds with jolting combinations. But he couldn't knock down the game Los Angeles boxer.

Andrade, who lost a 15-round title bout to Brown here last October, said:

"Brown would beat him. The old man is too good for him."

Ortiz weighed 137½, Andrade 138.

The Angels will pay the city $200,000 this year and spend $100,000 on repairs. The city will spend $50,000 for repairs under the contract.

Halas Celebrates 66th Birthday

CHICAGO (AP)—The usual retirement age of 65 doesn't mean a thing to George Halas.

The National Football League pioneer and owner-coach of the Chicago Bears observed his 66th birthday yesterday.

Assistant coaches and office associates took a five-minute break from their re-organization task to give him a spontaneous toast.

Halas and the group then got back to the job of trying to build a champion without records and scout reports which were destroyed in a fire Monday night that razed the Bears' headquarters.

"With Billy Wade obtained from the Los Angeles Rams recently at quarterback," said Halas, "they may have to rewrite the books, because it looks like life starts at 66."

Red Holt, Ex-Yank First Sacker, Dies

BIRMINGHAM, Ala. (UPI) — Graveside services were scheduled for today for James (Red) Holt, 66, former major league baseball player who died yesterday.

Holt was a former first baseman for the New York Yankees and the Philadelphia Athletics in the American League and Jersey City and Nashville, Tenn., in minor league baseball. He retired in 1929 when he was a first baseman for the Nashville Vols.

After leaving baseball, Holt was a house number adjustor for the City of Chicago. He retired last June and moved to Birmingham.

A native of Dayton, Tenn., Holt was a member of the Old-timers Baseball Club in Chicago.

Thomas May Try For Record In Milrose Games Tonight

NEW YORK (AP) — The 54th edition of the Millrose Games with 23 Olypians from five countries shooting for titles takes over Madison Square Garden tonight with two big questions to be answered:

1. Will John Thomas go all out to beat Valery Brumel's fantastic high jump of 7 feet, 4½ inches made in Leningrad last Saturday?

2. Is Istvan Roszavolgyi of Hungary ready to make a serious threat to break Ron Delany's 4:01.4 world indoor mile record?

The latest word from Boston University Coach Ed Flanagan is that they are not concerned with Brumel, that they will carry on according to their pre-arranged plan which is to bring the 19-year-old junior to his peak in three weeks.

Thomas, whose recognized world outdoor record is 7-3¾, thinks he can top his Soviet rival's mark.

As for Roszavolgyi, 32, there is no question but that he will try to break Delany's record. The Hungarian army captain blandly admits he goes for a record every time out.

One thing is certain—he'll have to hustle to get across the finish line in front of Ernie Cunliffe, the Stanford graduate student, who set a world indoor 1,000-yard record of 2:07.9 last week. Jim Grelle and Deacon Jones also are not to be overlooked.

Villanova's Frank Budd heads the 60-yard dash field, and Hayes Jones of Eastern Michigan is the standout in the 60-yard high hurdles. Mal Spence of Arizona State University and the British West Indies will defend his 600 title against Cliff Cushman of Kansas and George Kerr, also of the BWI.

Rader, Geister Pace MarVel Basketballers

Tony Rader and George Geister scored 18 and 16 points respectively last night to lead MarVel Athletic Club to a 54-43 victory over Suburban Home Corp. in the San Rafael Recreation Department's Class B Basketball League.

In another game Cain Tires, led by Ken Gelatti's 9 points, downed Cook Hardware.

Mrs. Weeks Winner In Golf Tourney

Mrs. William Weeks' card of 97-22—75 won low net honors yesterday in the Marin Golf Club's women's "Tray Day" handicap tournament.

Mrs. Ed Fohrman won the low putts honors with 31 putts over the 18 greens.

Class A—Mrs. Hal White, 96-14—82; Mrs. Henry Helbig, 109-25—84.

Class B—Mrs. George Richardson, 109-30—79; Mrs. Ed Fohrman, 117-31—86.

St. Bonnies Okay Bid To NCAA Event

NEW YORK (AP)—St. Bonaventure, the nation's second-ranked college basketball team, today accepted an invitation to play as an at-large team in the postseason National Collegiate Athletic Association championship tournament.

It was the earliest acceptance ever for the 24-team tournament, which begins in mid-March.

The announcement was made by Red Brown, athletic director of West Virginia University and chairman of the NCAA Eastern Selection Committee, through the National Collegiate Service Bureau here.

Bonnie officials, taking time out from celebrating St. Bonaventure's 75-61 whipping of third-ranked Bradley at Madison Square Garden last night for its 16th victory in 17 games, expressed delight at the opportunity to play in the NCAA for the first time.

Top-ranked Ohio State, defending NCAA champion and current national leader with a 20-game winning streak, handed Bonaventure its only loss of the season—84-82 in the final of the Holiday Festival at the Garden in December.

Charles Dumas To Play For Chargers

SAN DIEGO (UPI)—Charles Dumas, who high jumped 6 feet, 11¾ inches during the 1956 Olympic Games at Melbourne, Australia, has signed a professional football contract with the Los Angeles Chargers of the American League. Dumas' first love was track but he has always expressed a desire to try his luck at football.

Great Salmon Opener Is Forecast; Rain Dampens Steelhead Picture

STEVENS

Precipitation is a fancy word meaning rain. It applies. Precipitancy means rashness. It would apply to any outdoor writer in these parts stating that fishing is anything but slow.

However, it might not be too precipitant to hint that salmon season will open with a bang, come the 18th of February.

The basis for that precipitancy is the many reports from party boat skippers fishing for rockfish in the ocean waters. The latest report of this kind comes from Hal Boenner of Lee Anderson's Bait Shop in Oakland. Hal told me that one of the rockfisherman aboard the Sea Bee brought in a 15-pound salmon, and another angler on the Dolphin landed a 17-pounder. Of course the fish were released but not before the weights were estimated by the skippers. Hal also mentioned that a Navy boat, fishing for rockfish, hooked and landed and released a nice salmon on Saturday.

AS BOENNER admitted, reports of activity generally were very skimpy. But a few hardy souls who braved the elements did themselves proud, at that. For example: Henry Santifer had a field day last Saturday at Middle River. He accounted for his legal limit of both striped bass and catfish. Sal Fazio took a limit of bass in the Suisun Slough along with six dandy flounders and on Sunday Fidel Flores hooked played and landed his dream fish in Broad Slough. The monster weighed in at 28 pounds, 4 ounces.

THE GALS and guys who fished from the Berkely Pier did a fair job of landing perch and flounders, but nothing exciting.

The trolling in the Red Rock region which had been fair to good, slowed down to a walk—almost stopped—over the weekend and one boat out on Wednesday was fishless when contacted at noon.

So let's draw a curtain over the rather dismal past and present of the piscatorial picture locally and take a look-see at the future—especially as regards the windup of the steelhead season.

AS THIS was being written (Wednesday), it was raining along the coast all the way north to the Oregon line. That dampens any hopes for any steelheading until the weekend at the very earliest, and then only if the rain stays stopped until after tomorrow and Sunday.

That could happen, and we hope it does. If so, or if it happens a few days later, chances are that a good percentage of the fish caught in most of the streams clear enough to fish, will be downstreamers (fish that have spawned and are on their way back to sea). If you happen to catch one and you happen to be fishing alongside an angler who terms all spawned steelhead as "snakes," he will probably sneer and sniff if you keep that downstreamer. He will try to convince you that a steelhead that has spawned is unfit for human consumption. But pay no attention to him. He's wrong.

HE AND all his ilk never throw back a brook, or brown or rainbow trout caught in a mountain lake or stream. He doesn't throw back a striped bass that has spawned. Not by a long shot. So why does he consider a spent steelhead worthless? Perhaps because a steelhead resmbles a salmon and is caught in the same environment. But a steelhead is a trout, a sea-going rainbow trout. It is just as tough a fighter (except that he does most of his acrobatics under the surface), is just as hard to land, and absolutely just as good to eat. I challenge anybody to tell the difference in a fresh in-from-the-sea steelhead and one that is on the way back, when fried and served to him at the table.

ONE OF the most revolting sights I've ever seen has been on the banks of certain streams in days gone by, where steelhead have been disdained as fit food for the table and left to die and rot on the beach.

Let the misinformed group sneer if they wish, but you treat the downstreamer with the sneer he rates as a true champion among game fish. I did battle on the Gualala River some years ago, with a 16-pound spent steelhead that took me one hour and ten minutes to beach, and a hectic walk from Snag Hole to the Thompson Pier hole before it was possible.

Gentile Rejects Third Contract

SAN LORENZO (AP)—A major league rookie at 26 last season, Baltimore Oriole first baseman Jim Gentile has turned down three 1961 contracts offered him by the Birds.

Gentile, who bounced around Dodger farms for seven years before turning in a full season performance with Baltimore in 1960, said at his San Lorenzo home yesterday the last offer included a substantial raise but it wasn't enough.

He added, "I don't want $20,000 or anything like it, but I was playing for peanuts last year and at 26 if I don't start making it now, I never will."

Gentile batted .292 last season, hit 21 homers and batted in 98 runs.

Catholic Youths Plan Snow Trip Tomorrow

About 35 members of the Azarians of San Rafael's Catholic Youth Organization will leave at 5 a.m. tomorrow for Soda Springs on the club's annual snow trip.

The 35 are students at San Rafael and Marin Catholic High Schools. Accompanying them will be Rev. Richard Knapp of St. Raphael's Parish, club adviser, and Mr. and Mrs. R. L. Lavelle, Betty Rada and James Sanford, chaperones.

Sale Of Lakers Expected Soon

LOS ANGELES (AP)—Sale of the Los Angeles Lakers of the National Basketball Assn. is expected shortly.

A group of southern California businessmen, headed by M. J. McConnell, president of the Executives Exchange Club, is negotiating for the assets of the corporation. The sale price is said to be $388,000.

The new owners would change the Lakers' name.

Showdown In L.A. Tonight: USC Vs. UCLA

By U.P. INTERNATIONAL

Southern California and UCLA open a two-game series tonight with just about all the honors in west coast basketball at stake.

The two teams are one-two in the Big Five with the Trojons 4-0 and the Bruins at 2-1. Their season's records are especially impressive. The Trojan are sixth-ranked nationally with a 14-2 mark and UCLA is 12-3 and eleventh ranked.

A sweep by either school would make the winner a favorite to cop the Big Five race and wind up as representative for the west in the NCAA tournament this year — providing they can get by Utah of the Skyline Conference.

SELLOUT CROWD

A sell-out crowd is expected to jam the Los Angeles Sports Arena to watch the Bruin-Trojan contests. Key to the outcome may be how the Bruins' 6-foot-8 John Berberich handles the Trojans' brilliant John Rudometkin, an all-around whiz who is 6-foot-6.

Bruin adherents hope Berberich can match the classic defense job he turned in against Indiana's All-American candidate Walt Bellamy.

Stanford, 2-1, is tied with UCLA for second place in the Big Five, but the Cards' 6-8 record would indicate that they are a little over their head fighting it out with the Trojans and Bruins. Stanford meets Washington tonight at Seattle in a rough test for the Tribe.

BRONCS FAVORED

The West Coast Athletic Conference's toughtest customers, Loyola and Santa Clara, are favored in their games tonight. Loyola invades defense-minded San Jose State and Santa Clara hosts Pepperdine. Tomorrow night the Broncs and Lions square off in what should be a hectic battle.

Oregon State hosts Oregon in a key test for the Beavers, who now rate along wth Seattle as the northwest's top squad. St. Mary's is at San Diego State.

Last night California won its second game in a tour of the Hawaiian Islands.

California breezed past Serv-Pac, an Armed Forces team, 52-39. Stan Morrison, who has been switched from center to forward, hit 23 points to dominate play.

Two More Rookies Sign With Giants

SAN FRANCISCO (AP) — A rookie battery combination, pitcher Bob Bolin and catcher John Orsino have signed 1961 contracts with the San Francisco Giants.

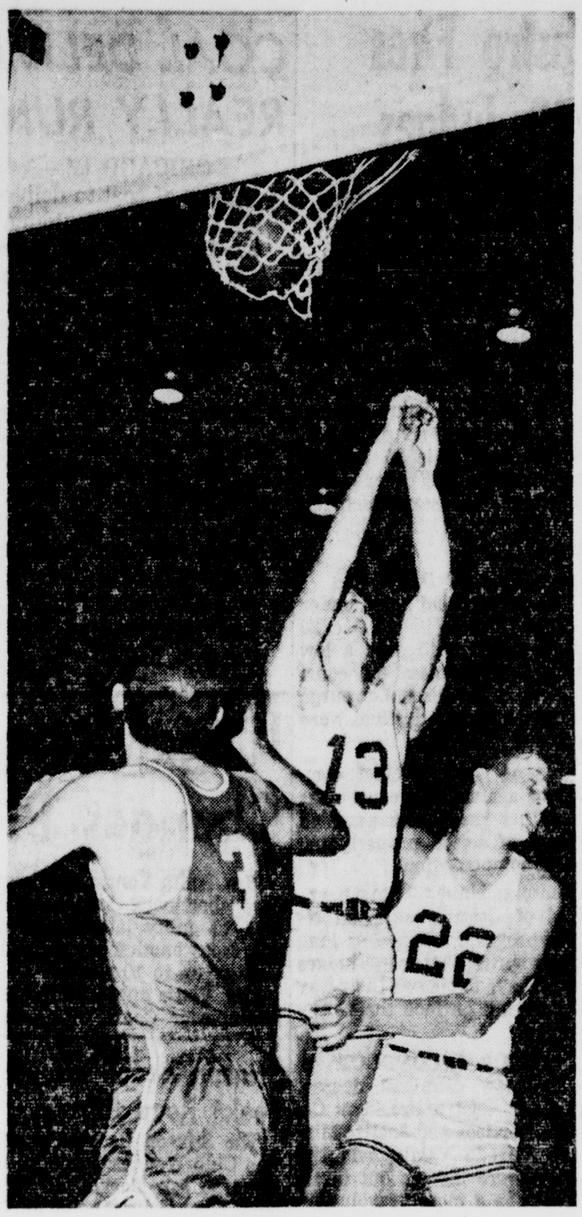
Bolin, a 22-year-old stringbean right-hander, had a 10-4 record with Harlingen of the Texas League last season and 2-4 with Tacoma of the Pacific Coast League.

Orsino, also 22, hit 21 homers last year with Harlingen with a .296 batting average.

Special Rules In Gals' Cage Benefit

DIMONDALE, Mich. (AP)—Special rules have been drawn up for two benefit basketball games planned between the ladies of Dimondale and Potterville to benefit the March of Dimes. Rule changes specified:

1. No long fingernails.
2. All rings must be removed.
3. Ladies must control their tempers.



HORNET STINGS THE NET

Novato High School Hornets' Joe Colfer (13) comes down after scoring field goal in game against St. Vincent's of Vallejo this week. Novato's No. 22 is Dave Cannon. The Hornets lost 48-42, but will try for their first Marin League victory tonight against Marin Catholic at Novato's gym. (Ron Turner photo)

'Moose' Nixes Yankee Offer, Holding Out For $40,000

By U.P. INTERNATIONAL

Bill "Moose" Skowron is more than a bit displeased with the New York Yankees today and also letting it be known that he doesn't think much of the Pittsburgh Pirates either.

The beetle-browed Skowron revealed yesterday that he has rejected a Yankee contract offer estimated at $30,000. It is understood that the rugged first-baseman, who hit .309 and drove in 91 runs last year, is angling for a contract in the $40,000 class.

That's bad news for General Manager Roy Hamey of the Yankees, but Bill had even worse news for Danny Murtaugh and his World Champion Pirates: he thinks three clubs have a better chance to win the 1961 National League pennant than the Pirates.

"I don't believe they can," Skowron replied when asked whether he thought the Pirates will repeat. "I think the Giants or Dodgers, or perhaps Milwaukee, will win this year."

Skowron said that he and his wife are going to Miami for a two-week vacation and that then he'll return to his Hillsdale, N.J., home "to see how matters stand with the Yankees."

The Pirates, meanwhile, signed World Series heroes Bill Mazeroski and Elroy Face, bringing their satisfied list to 16 players. No terms were revealed but each received a raise that placed him in the $25,000 to $30,000 bracket.

Tennis Group Cracks Down On Bad Boys

NEW ORLEANS, La. (AP) — The U.S. Lawn Tennis Assn. has decided to be tougher on players who blow their tops on the court—and it has started off by slapping down the country's two top Davis Cup aces, Charles "Chuck" McKinley and Dennis Ralston.

The Amateur Rules Committee last night recommended that the suspension of McKinley be extended to May 1 and that both McKinley and Ralston be placed under probation for the rest of the year.

"We'd do the same thing to Barry MacKay and Butch Buchholz, but they've turned pro and now are out of our jurisdiction," said one influential member of the committee.

The recommendation now goes to the USLTA executive committee, meeting here tonight. Approval by the higher body is a foregone conclusion.

America's tennis governors thus are sharply slapping the wrists of the Davis Cup team which came in for so much criticism during the recent campaign in Australia. The team captain, David Freed of Salt Lake City, was absolved of any blame.

The tip around the USLTA annual meeting here is that Freed is a cinch to be renamed captain for 1961, and also that he is ready to accept. "We want him back if he'll take the job," said Harcourt Woods, chairman of the Davis Cup committee.

Freed, who gave a report to the rules committee, was relieved that the punishment was not more severe.

"The boys were being hit not for just what happened in Australia but for a series of offenses dating farther back," Freed said. "They were fortunate to get out this light. I know there were some who wanted to throw the book at them."

"This won't deprive them of a chance to play at Wimbledon or to play overseas. It shouldn't hurt our Davis Cup chances."

That is a matter of some dispute. McKinley, 19, of St. Louis, and Ralston, 18, of Bakersfield, Calif., are the nation's chief Davis Cup hopes now that MacKay and Buchholz have turned pro.

With the probation cloud hanging over their heads they may find it difficult to play their best and most relaxed tennis.

6,513 See L.A. Hockey

SAFETY BELT HELPS AS CAR LEAVES ROAD

A tightly buckled safety belt was credited with saving a Marin County driver when his big sedan catapulted off the Redwood Highway and over a 15-foot embankment early today.

Morrill Newton Farr of 20 Summer Avenue, Fairfax, a construction worker, was southbound entering San Rafael at 3:30 a.m. just north of the Linden Lane underpass when his car plunged off the road to the railway cut west of the highway. The car was totally wrecked.

Farr said he believed a tire blew to throw the car out of control. He said he habitually uses a safety belt and that it held him firm.

TRAGEDY AT MARYLAND JUNCTION

This is the junction where a Pennsylvania railroad train bound for Bowie race track, near Bowie, Md., overturned yesterday off the main line (at right) onto the spur line leading to the racing course. Six persons were killed, and about 150 were injured. At first it was reported seven were killed. (AP Wirephoto)

Castro Fires 120 Judges In New Purge

HAVANA (AP) — Fidel Castro today fired 120 judges throughout Cuba in the second phase of a sweeping court purge aimed at removing all legal obstacles to his rule.

One supreme court justice, the presidents of six provincial courts of appeal, 26 appeals magistrates and 87 other judges came under the ax, which fell for the second time in two months.

CABINET DECREE

The government acted under a cabinet decree issued Dec. 20 suspending for 45 days a law preventing dismissal of court officers. In the December purge 13 supreme court justices were ousted.

One of Castro's chief complaints against the courts has been that they often awarded owners of seized property too much compensation.

Antonio Nunez Jimenez, chief of Castro's agrarian reform program, warned as long as last spring that many judges would have to change their way of thinking or face the consequences.

IMMORAL CONDUCT

The new dismissal decree, signed by Castro, President Osvaldo Dorticos and Justice Minister Alfredo Yabur, said the jurists were thrown out to assure Cuba a more "revolutionary" application of justice.

The targets of the latest purge were accused of counter-revolutionary activity "under protection of their positions," and some of "manifestly immoral conduct." Some were described as too old, others called inept.

COAL DELIVERERS' CUP REALLY RUNNETH OVER

CHICAGO (AP)—A team of truck drivers with 14 tons of coal to deliver pulled up in the alley behind the Boyce Building. They were confronted with two holes—one round, one square.

After some thought they picked the round one and dumped in a ton of coal.

The round hole, it turned out, was the wrong one. It leads to the building's sewer connection.

Coal overflowed into the alley. Water overflowed from the building's washrooms and cafeteria as the plugged sewer backed up.

A printing company in the basement stopped the presses as it flooded.

After his workers washed down the alley yesterday, the coal company's vice president, Charles Holland, had a thought about the two holes:

His men, he said, had made a mistake but after all "the odds were 50-50; they might have picked the right hole."

Illegal Surgery Suspect Changes Plea To Guilty

Mrs. Anita Venza, 54, Belvedere abortionist, switched her plea to guilty late yesterday, and faces another state prison term of up to 10 years.

Mrs. Venza appeared in Marin Superior Court with attorney Sol Abrams yesterday afternoon and quietly admitted she had performed illegal abortions at her Belvedere home last Sept. 12 and Oct. 21. Abortion carries a penalty of up to five years in state prison on each count.

The usually cheerful grandmother was subdued as she switched her plea before Judge Richard M. Sims Jr.

Dist. Atty. Roger P. Garety called off four more women, who were to testify before the Marin County Grand Jury last night. Garety said these women were also aborted at Mrs. Venza's home, 140 Bayview Avenue, Belvedere.

Stinson Beach Group Seeks Road Survey

The Stinson Beach Progressive Club Wednesday night decided to ask Marvin W. Brigham, county director of public works, for a road survey of Calle del Arroya.

The survey, secretary Harriet M. Greene said, would be with the idea of raising the roadbed to eliminate low points which cause flooding during high tides and during the rainy season.

CHP Officers Knew Accident Would Happen

What looked like the storied "accident about to happen" flashed by two California Highway Patrolmen on Highway 101 last night—then happened before they could catch up.

When the crash occurred it was only a few hundred feet from another car mishap in which a woman driver was injured.

But A/2c Lloyd R. Padgitt, 22, of the 78th Supply Squadron at Hamilton Air Force Base, got off without injury only to land in Marin County jail because he refused to sign a traffic citation charging over-80-mile-an-hour speeding.

Patrolmen John Courter and G. L. Walkup were driving north on Highway 101 over Puerto Suello Hill just before 11 p.m. when Padgitt's car raced by them southbound.

They turned and gave chase, but though they reached speeds between 85 and 105 miles an hour they gave up at Marin City and radioed ahead for a lookout by other patrol cars.

The message was caught by Patrolmen J. J. Flynn who was investigating an injury accident to a student nurse, 19-year-old Stephanie Ann Briggs of San Francisco, on the Waldo Grade. Flynn kept a lookout but a few hundred feet short of his location the Padgitt car went into a long skid and overturned in the highway divider section without injury to its driver.

Miss Briggs, whose car had spun and struck a concrete retaining wall, was taken to Marin General Hospital with a cut ear and later held for observation at a San Francisco hospital.

Business Fee Revenue Up

Revenue from San Rafael business license fees collected last month for the first half of 1961 were up $3,141 over the same period last year, City Treasurer Angelina J. Soldavini announced today.

By the Jan. 31 deadline, $24,137 had been collected for 1,102 businesses, she said. Revenues for the first six months of 1960 totaled $20,996. The second six-month fee is due July 31.

Elk Scholarship Offer Announced

High school seniors as well as college students will be eligible for Elks National Foundation Scholarship awards announced last week, according to scholarship chairman John Clahan of San Anselmo, who has distributed application forms to all Marin County high schools.

The forms may also be obtained at the Elks Club, Ames Ford Sales, the Butterworth Tobacco Co. and the office of the county superintendent of schools, all in San Rafael, Clahan said.

Two awards of $250 each for one Marin County boy and one girl have been offered by the San Rafael Elks Lodge, additional to the nationwide $100,000 offering of the National Foundation.

Gen. Mobutu Rips Dag's Congo Plan

LEOPOLDVILLE (AP) — Gen. Joseph Mobutu said today Dag Hammarskjold's plan to reorganize the Congolese army and keep it out of politics really means disarming the force and "we will never allow it."

"The United Nations is playing with fire," Mobutu told a news conference. "To disarm the ANC (National Congolese Army) would mean war."

The conference was called to reply to the U.N. secretary-general's Security Council speech suggesting that the Congolese army be reorganized.

Mobutu insisted the Congolese army must stay under the control of President Joseph Kasavubu.

"All the ANC needs is money to buy planes for its paratroopers and arms for its soldiers," Mobutu said.

Discussion Group Meetings Slated

U.S. Mulls Soviet Proposals On Congo

UNITED NATIONS, N. Y. (AP) —U.N. Security Council members in behind-scenes talks today weighed the Soviet Union's challenge to the United States to support Soviet proposals for the Congo.

Council debate on the Congo was in recess until Tuesday and there was no answer from the Kennedy administration outlining its Congo position. There may be none until late next week, aides of U. S. delegation chief Adlai E. Stevenson indicated.

In a statement studded with harsh condemnation of Secretary-General Dag Hammarskjold, the Soviet deputy foreign minister, Valerian A. Zorin, told the council yesterday that it had followed the wrong road in dealing with the Congo.

Prescribing the same Soviet remedy as before — release from jail of deposed Premier Patrice Lumumba, convoking Parliament, ousting Belgian nationals from the Congo—Zorin said the Soviet Union is ready "to take all necessary steps" for measures to restore peace in the Congo.

Sevenson issued a statement expressing regret and Zorin did not comment on Hammarskjold"s request for power to reorganize the Congolese army and take it out of politics as a step toward averting civil war in the Congo. The U. S. delegate also expressed regret at what he called Zorin's "renewed and unjustified attacks" on Hammarskjold.

Boost Proposed For Child Aid

SACRAMENTO (AP) A boost of up to $792,000 a year for the controversial aid to needy children program was proposed yesterday by Sen. Fred S. Farr (D.-Carmel).

He introduced a bill to increase from $75 to $85 the maximum grant for needy children confined in institutions or boarding homes. About 13,400 children getting the aid are in such facilities.

About $648,000 of the increase would be paid for by the state, and $144,000 by the counties.

Cruise And Resort Styles Are Shown At Fashion-Luncheon

A guide to glamour whether on land or sea was presented in the cruise and resort fashions shown recently at Bob's of Marin, co-ordinated by Sara Campbell, with the Ship to Shore Styles for '61 from a women's apparel shop in San Rafael.

Proceeds from the fashion-luncheon were donated to Guide Dogs for the Blind, Inc., whose membership drive will get underway in March in Marin.

The first fashion showing in a series of luncheon-style-shows to be held at Bob's of Marin on alternate Wednesdays was received with much enthusiasm by the predominately female audience, which however, included a group of gentlemen who vigorously nodded approval of the styles for '61 and the Mannequin League of Marin models who strolled informally during the luncheon showing resort and vacation wear with the fresh fashion look of the new year.

Cotton capris of winter white, a really green polka dot blouse, and a real gone straw sun-hat abloom with many hued flowers, donned by blonde, pert Mrs. Norman Sanguinetti — suitably garbed for a stroll on any beach anywhere, as she opened the fashion showing. She later was a dream-boat as she appeared in a white linen sheath with Harlequin print bodice, carrying a slim cropped jacket.

A ship to shore conversation piece was the burnt orange linen sheath with detailed front peplum, a sabrina neckline and bold orange jewelry, shown by Mrs. George Coburn.

Fashionably gowned for cocktails at any resort or on shipboard, Mrs. William Donohoe was stunning in the subtle witchery of a Mr. Blackwell design—champagne in color, silk in fabric, in style, a sheath with the portrait neckline accented with a black silk organza rose.

To greet the new year of fashions, chic Mrs. Richard Evans donned an ice green linen sheath, perfect for a bon voyage party aboard a liner bound for far-away places with strange sounding names—equally perfect for Marin. Focal point of the ensemble was the detail on the linen collar of the matching sweater.

Pivoting gracefully in a pastel multicolored cotton print dress with an organza belled skirt and fitted bodice, was Mrs. William Morrisey III, who modeled the cocktail-dance frock, adaptable for land or sea.

Sailing the seven seas for a winter holiday in a practical and packable royal blue two-piece flat knit costume (with eye-catching detail in the white knit trim of the jacket), smartly attired vacation bound Mrs. Corky Jones drew applause as she promenaded among the members and guests of Guide Dogs for the Blind.

Noted in the many styles on parade at Thursday's show were the high shades in sportswear, vivid red, pinks, blues—and the detail in the jacketed or sweatered sheath, making fashions this year "a look, not a price."

Feb. 8 is the date set to welcome the Fairhills Branch of the Needlework Guild of America for luncheon and fashions, "Informally Yours," at 12:30 p.m. Reservations for the Wednesday show, which is open to the public, may be made with Bob's of Marin.

Reunion Tomorrow

When Mrs. Hilda Lopez, whose home is at Pebble Beach near Sydney, Australia, arrives tomorrow on the new trans-Pacific liner, Oriana, in San Francisco at noon, she will be greeted by her brother, John J. Norton of Fairfax, whom she has not seen for 30 years, and his wife.

Stage Set For Annual Bosses' Night

Plans are under way for a festive Fourth Annual Bosses' Night, to be held on Wednesday, February 8, at Rickey's Rancho Rafael, when the Marin County Legal Secretaries Association will play hostess to bosses, their wives, and other county dignitaries.

Mrs. Laverne Ruttledge, chairman of the event, has announced that Judge Leonard A. Thomas of the Marin County Municipal Court, will be master of ceremonies, with surprise entertainment by the bosses themselves.

Reservations for this evening of fun are now being taken by Mrs. Ruttledge, whose committee consists of Miss Margaret Day and Mesdames Jean Martin, Joann Williams and June Tanforan.

Button, Button

NEW YORK (UPI)—Short, simple hairdos, big bulky hats and lengthening necklaces spell bigger, more dramatic earrings—button or drop—for spring.

The Fashion Coordination Institute reports that the size of button earrings has grown so dramatically that today an earring considered daring a year ago seems almost conservative to a woman's eye.

GOING OVER PLANS for the festive Fourth Annual Bosses' Night to be held on Wednesday by the Marin County Legal Secretaries Assn. are, from left, June Tanforan, vice president; Judge Leonard Thomas who will act as master of ceremonies; Laverne Ruttledge, chairman of the event, and Elsie Caminita, president. The annual dinner will be held at Rickey's Rancho Rafael. (Independent-Journal photo)

Founders Of P.E.O. Honored By Chapters Throughout Nation

January was a commemorative month for members of P.E.O. throughout the nation, for it was on January 21 at Iowa Wesleyan College, the oldest college west of the Mississippi, that P.E.O. was organized in 1869.

MARIN OBSERVANCE

In Marin chapter Py was hostess at a coffee hour, meeting at the beautiful home of Mrs. Richard J. Werthimer at 245 Laurel Avenue. Honored guest was the mother of the hostess, Mrs. Helen Evans, a past president of a P.E.O. chapter in her home town of Pipestone, Minnesota. (Mrs. Evans has been enjoying a several weeks' visit with her son-in-law and daughter and their three children in Kentfield.

Mrs. C. A. Coy, president of Py, introduced Mrs. Allen M. Alinger of San Francisco, who sponsored both chapters NE and Py of Marin. It was Mrs. Alinger who read the tribute to the seven founders of P.E.O. while Mrs. C. E. E. Webber performed the candle lighting ceremony, and withdrew photographs of the original seven, in golden foil easels, from a handsome treasure chest. Mrs. A. H. Horrall was the musician.

Members of Py were hostesses to the members of chapter NE and many unaffiliated members and other guests from neighboring chapters.

Mrs. Evans will visit in Southern California and in Phoenix before returning to her home in Minnesota where she will present in the near future an anniversary costume party for her chapter.

NE HONORS FOUNDERS

Chapter NE, Marin's first chapter, organized in April 1950, celebrated Founders' Day at the new home of Mrs. Larry Reed in Corte Madera. Guest of honor at this time was Mrs. Reed's mother, Mrs. O. F. Clagett, a P.E.O. from Rifle, Colorado. In the not too distant future in Colorado Mrs. Clagett will witness the dedication of a memorial hospital to her late husband, Dr. O. F. Clagett. Five generations of Clagetts have brought honor and distinction to the medical profession. A son, Dr. O. T. Clagett and his wife entertained many relatives at a Christmas reunion at their summer home at Redstone, Colorado, with the mother, guest of honor. Dr. Clagett is with the Mayo Clinic at Rochester, Minn.

Mrs. Lehman Ross was co-hostess with Mrs. Reed for the NE Founders' Day luncheon. Mrs. Jacob Lindenbaum gave a Founders' Day Quiz in two parts with prizes going to Mrs. Ilion T. Jones and Mrs. Roy A. Brown. Luncheon preceded the programs.

TRAVELOGUE

Mrs. W. S. Price of Mill Valley will introduce her son, Phil, a world traveler by water, as speaker when she hostesses the meeting of chapter NE on Feb. 10. Phil is soon to become a bride-groom with his bride-to be a Southern California girl. Phil will show colored slides of his latest voyage. Mrs. A. G. Stoll will be a co-hostess.

ART OF LIVING ABROAD

Mrs. G. Wm. Magladry, who has been vacationing with her husband, since the latter's misfortune of an injured hand, has been missed from the last meetings.

She, with Mrs. E. C. Sargent, Jr. will hostess the February 24th meeting when Mrs. Sigge Hjort will talk on the Art of Living Abroad.

Incidentally Mrs. A. C. Saul announced at the January meeting that her only son, Peter, now has his own gallery in France and has married an artist, a former college friend.

Mrs. W. D. Oberholtzer read her annual president's letter at the January 27th meeting and Mrs. Clagett told of her recent visit to chapter NM, Palo Alto, with her sister and a sister-in-law who are members there.

WORLD IN MOVIES

Sometime during the month of March members of NE and their husbands are to enjoy another interesting evening together. At this time Mr. and Mrs. Samuel D. Archibald will show colored movies of their second trip around the world, this tour made from south to north by air, rail and water. Particularly interesting were their experiences in Africa.

Election and installation of officers is scheduled for March 10 at the new home in Mill Valley of Mrs. Joseph E. Sheeks.

'Italian Carnevale' Planned At Golf Club

A party will be held at the Marin Golf Club in Novato, Sunday, when the Italian members of the club will sponsor an all-day "Italian Carnevale."

It is to be a combination golf tournament and dinner, with only men members participating. Besides being a festive occasion, the "Carnevale" benefit the Italian orphans in Italy, with all proceeds going to them.

The day will begin at 10 a.m. with about 120 teeing off in competitive foursomes, which will bear such appropriate names as "Spaghetti Team," "Ravioli Team." For the players' "tasting" pleasure, there will be barrels of "vino" at the first and 10th tees, served at umbrella-covered tables. As an added feature to spur the players on, Italian music will resound from an accordionist riding in a gondola on the lake near the seventh green, which is viewed from the club dining room. Tournament chairmen are Robert Vannucci and Fred O'Banini (O'Bannon).

An authentic Italian feast will be in readiness for the group when they return to the clubhouse from the rolling greens. Chefs extraordinaire will be Hector Rubini, Frank Sampietro and Guido Farina, presenting a menu of stuffed squab, wild rice, appetizers, antipasto, pastes, and wine. A pianist in authentic costume will entertain during dinner, and community singing of the "old favorites" will be accompanied by several accordionists. Several entertainers, professional and non-professional, will add further gayety to the program.

Club member Gordon Wardilucci (Wardlaw) will give his rendition of "O Sole Mio," and other favorites, on his trusty bagpipes. Most original and humorous, costumes will warrant prizes.

Invitations were also extended to the following celebrities, Frank Sinatra, Frankie Laine, Dean Martin, Joe DiMaggio and Perry Como.

Today Is Opening Of Camp Fire Mint Sale Throughout County

Today is "M-Day" for hundreds of local Camp Fire Girls, their junior Blue Birds sisters and senior Horizon Club sisters, as they enthusiastically ring neighbor's doorbells on the opening day of the annual Camp Fire Girls Candy Sale in Marin County.

Dressed in colorful service uniform, the cute young ladies are toting red, white and blue mint kits—each loaded with six boxes of the traditional chocolate-covered Camp Fire mint, available only during this special sale.

The Camp Fire Girls are currently celebrating 50 years of offering American girls activities which fulfil its law—worship God, seek beauty, give service, pursue knowledge, be trustworthy, hold on to health, glorify work, and be happy.

Open to girls of every race, color and economic background from seven years through high school age, the main purpose of the Camp Fire Girls is to perpetuate the spiritual ideals of the home and to stimulate and aid in the forming of good habits for health and character.

Support for the local youth organization comes largely from funds received from the United Bay Area Crusade. However, as is true with many growing youth organizations, additional funds are needed to support summer resident camps, community days camps and to supplement the general operating budget.

Goals in the annual sale, which continues through Feb. 26, 1961, are 40,000 $1.00 boxes of the traditional chocolate-covered Camp Fire mint.

Volunteer candy chairman for the Camp Fire Girls Mint Sale is Mrs. Robert Oates, San Anselmo, assisted by her husband, Robert. The town chairman are Mesdames J. W. Culmer, Grant Robbins, Mill Valley; P. T. Joy, E. G. Wintle, Larkspur; J. L. Strauss, Roy Olson, San Anselmo; Scott Hunsinger, Avery McClurg, San Rafael, and Armen Gadon, Novato.

Special sales (in banks, stores, etc.) are being arranged by Mrs. Robert Houston, San Rafael, assisted by Mesdames James Phipps, Sausalito; Lloyd Meyer, Greenbrae; Arthur Harper, San Anselmo; Robert Bolt, San Rafael, and Mr. Mark Wills, Novato.

Awards chairman is Mrs. Frank Bowyer, Kentfield, who will be in charge of awarding recognition emblems to the young salesladies.

Alpha Xi Delta Election Meet Set Wednesday

Election of officers is on the agenda for the Alpha Xi Delta Alumnae Chapter meeting on Wednesday evening Feb. 8 at the Ross home of Mrs. Wagner d'Alessio. Mrs. Fred Luiz of Larkspur will be co-hostess.

Recently husbands and Alpha Xi Delta wives held an evening dessert card party at Mr. and Mrs. Donald Bachman's home in Villa Real. Assisting in hostess duties were Mrs. Burton Lex and Mrs. Robert DeWitt.

Toby Manuel of Gilardi's in Larkspur demonstrated creative and imaginative gift wrapping for the chapter at a previous meeting. Requested articles were brought by the members to be given to MARC, the Marin Association for Retarded Children, the local chapter's philanthropy.

Alpha Xi Delta is again offering a $1,500 fellowship in social service to a qualified student, man or woman, who plans a year of graduate work studying ways of combating juvenile delinquency which is the national philanthropy of the sorority. Anyone interested in applying for this fellowship should contact Mrs. DeWitt. The deadline is March 1.

Marin members and guests are invited to a benefit luncheon on Valentine's Day at the Omicron Chapter house on the University of California campus. Those interested in attending may contact Mrs. Robert Flanders.

Music Is Fun For School Children, And It Serves As Emotional Outlet

Remember how we perspired over music at school? Some of us even hated the music period.

But music is fun now. Our children are lucky.

Were you a monotone like me? My music teachers made me sit in the back of the room. When we had visitors, I kept my trap shut so that I wouldn't disgrace them.

Nowadays there are almost no monotones. Starting in kindergarten the teachers work with the unmusical ones. They have many games and stunts. Nearly all children can carry a tune by the time they reach third grade.

Did you drill on the "do-re-me-fa-so-la-ti-do" syllables? I did. The idea was that the syllables would enable us to pick up new music and sing it from sight, without a hitch. Maybe a few professional singers succeeded, but we never did. Hundreds of modern schools have dropped the syllables completely.

There's been an improvement in song books too. We warbled inane ditties, composed primarily as exercises. The books today have real songs. Folk songs, patriotic songs, carols, and classics. There's a point in singing them.

Did your elementary school have an orchestra? Mine didn't. Nowadays many boards of education buy instruments and loan them out. Traveling teachers go from school to school, teaching and conducting.

At first private music teachers objected. They thought school instrumental lessons would do them out of their jobs. They found they had the opposite effect. More kids are taking private lessons than ever before.

My chief interest is in the mental health of children. Modern school music is one of the best emotional outlets. We need more of this kind of music in our lives. Thank you, music educators.

(Q) "My son takes violin lessons. He hates every minute of it. I whip him frequently. Should I let him stop?"

A. R.

(A) Yes. He's gaining nothing this way. Later he may want to study some other instrument. If so, let him.

Mill Valleyan Earns $60 Bonus From Army

Two suggestions for simplifying Army supply operations at Fort Mason earned a Mill Valley resident an extra cash bonus of $160. He is Thomas A. Murphy, 50 Hazel Avenue, a civilian employee of the Army Oversea Supply Agency, San Francisco.

Murphy, who is production control chief of the agency's data processing division, won $25 for proposing a pre-addressed letter be used with data processing cards to 20 oversea commands. His second idea, worth $135, was on the use of a special multi-purpose data card.

Drug Firms Lose Round In Court

SAN FRANCISCO (AP) — U.S. Dist. Judge Albert C. Wollenberg yesteday refused to dismiss a criminal indictment against the Northern California Pharmaceutical Assn. charging the 1,500-member organization with price fixing in the sale of prescription drugs.

John W. Broad, attorney for the defendants, argued the indictment was insufficient because it did not set forth details sufficient to show violations of the Sherman Anti-trust Act.

The anti-trust division attorney, Gilbert Pavlovsky, said the government did not contend the pharmacies are in interstate commerce and there is a continuous flow from the manufacturers to the consuming public.

DRIVE WITH GREATER CONFIDENCE AND MORE PRIDE . . . IN A MERCEDES-BENZ

There's a remarkable balance of engineering in every Mercedes-Benz that makes driving a wonderful new experience in confidence. Steering is unfailingly precise and effortless; cornering is more sure-footed than you'd think possible; braking is a new sensation in stopping. Come in today for a demonstration. Mercedes models are priced from $3500. European delivery at overseas prices can be arranged.

In imported car sales in the United States, Mercedes-Benz vaulted from number 10 position to number 5 position in October 1960—the highest rank attained to date. This is a remarkable achievement, considering all the other cars in the first ten places were low-priced economy cars.

Western Adventure Billed For Rafael

By LESLIE DARD

A preview of the weekend films:

RAFAEL THEATER

Clint (Cheyenne) Walker and Roger (Maverick) Moore are the stars of "Gold of the Seven Saints," a new western adventure which opens Sunday at the Rafael Theater in San Rafael.

This film is being given its West Coast premiere at 200 theaters (you can see it in Marin County for less than the downtown San Francisco theater admission price).

Walker and Moore portray a pair of rugged trappers who have struck it rich in gold nuggets and are on the way to a blowout in the town of Seven Saints when they start running into trouble.

Specifically, they meet bandidos, caballeros and a beautiful Mexican spitfire (Leticia Roman). And what happens to the partners and their fortune makes up this adventure drama, filmed in Warnerscope against the picturesque Arches National Monument of Utah.

TAMALPAIS THEATER

"Song Without End" is a romance (color, wide screen) based on the life of Franz Liszt a century and a half ago. It opens Sunday on the Hub screen.

As portrayed in this lush tale, Liszt was a tortured young man who loved the wild applause of his audiences, but was also drawn to the serenity of the church.

To ease the pangs of his tale, he seeks fulfillment through several women, mainly his mistress (Geraldine Page) and later a Russian countess (Capucine).

Deeply religious, she gives up her beloved pianist when the church refuses to sanction a second marriage, an action which makes him seek refuge in a monstery while still at the height of his young manhood.

The film wanders through the lovely regions where Liszt lived and played.

Dirk Bogarde, the British star, plays the lead.

NOVATO THEATER

In 1925, a teacher named John Scopes went on trial in Dayton, Tenn., for teaching Darwin's "godless" theory of evolution.

The courtroom battle pitted William Jennings Bryan (or the prosecution) against Clarence Darrow. It was a bitter-end fundamentalist against a man who professed disbelief in God.

Comes now Stanley Kramer to tell this tale on film. Titled "Inherit the Wind," it was taken from the Broadway success and will open Sunday.

Frederic March portrays Bryan. Spencer Tracy is cast as Darrow and Gene Kelly portrays H. L. Mencken, the newspaperman whose sardonic accounts of the trial were widely read at the time. Dick York is cast as the martyr schoolteacher.

Estimate: "Oscar" quality.

MOTOR MOVIES

"Shaggy Dog," one of the nation's biggest recent box office grossers, is a fantasy-comedy. It stars Fred MacMurray as a postman whose son (Tommy Kirk) displays a penchant for turning himself into a dog every now and then, thereby upsetting him family, the cops and a neighboring household full of spies.

The scripters wrote this one with an eye for slapstick and appeal to the youngsters. Thus there's a good deal of fun when Tommy changes form while driving down the main street in his jalopy, and the behavior of a thick-witted patrolman (James Westerfield).

Estimate: Family film; by Walt Disney.

TIBURON PLAYHOUSE

"Strangers When We Meet" (color, wide screen) is an account of how two people drift into an affair in a plush suburb. It opens Sunday.

The participants are Kirk Douglas, as an architect somewhat bored with his wife (Barbara Rush), and Kim Novak, a beauty wed to a rather cold fish.

Douglas is working on a house for an author (Ernie Kovacs), and as the home rises, so does romance. When the place is nearly finished it's time for a decision; Douglas can break up his home or wreck Miss Novak's dreams.

Balancing the play box double bill is a comedy, "High Time," starring Bing Crosby.

SEQUOIA THEATER

If I had to pick a certain entry in the Oscar sweepstakes, it would be "The Sundowners," a thoroughly enjoyable human comedy directed by Fred (Nun's Story) Zinnemann. It opens Sunday in Mill Valley.

The stars are Bob Mitchum, Deborah Kerr and Peter Ustinov. And Zinnemann has drawn superb performances from them in this tale about Australia's sheep drovers in the 1920s.

Mitchum is one of these "sundowners"—a man who likes his beer and the wide open spaces. Miss Kerr, as his wife, keeps urging him to save a stake, buy a farm, settle down and do something about his son's education.

Ustinov is another roamer—always dodging the ladies who would like to snare him.

Suffice that the ending's a delightful switch.

Estimate: For the whole family.

FAIRFAX THEATER

"It Started in Naples" (VistaVision, color) is a comedy starring the late Clark Gable and Sophia Loren, but stolen by delightful urchin named Marietto.

Gable plays a stuffy lawyer who goes to Italy to settle a ne'er-do-well brother's estate. One of the legacies is Marietto. Sophia is the lad's aunt.

Gable's efforts to adopt the boy brings out the wiles of a maid with a man, for Sophia doesn't want to lose the child.

LARK THEATER

Britain has been sending us a series of crowd-pleasing comedies in which the characters "carry on."

The latest of these is "Carry On Sergeants," now in its last few days on Larkspur screen, and it is based on the premise that turning British army recruits into soldiers is sure-fire humor.

IN LISZT STORY—Capucine and Dirk Bogra Bogarde co-star in "Song Without End," film version o the life of Franz Liszt, opening Sunday at the Tamalpais Theater in San Anselmo.

Correction Board Member Selected

SACRAMENTO (AP)—Michael N. Canlis, sheriff-coroner of San Joaquin County, was appointed to the State Board of Corrections by Gov. Edmund G. Brown yesterday.

Canlis, 43, of Stockton, succeeds Michael J. Lynch of San Francisco whose term expired Jan. 11.

The 21-member board coordinates activities of the Corrections Department and Youth Authority and advise the governor on crime and corrections.

1961 Plans Outlined By Tiburon Firemen

Tiburon volunteer firemen Wednesday scheduled their year's activities and heard an explanation of the new radio communication system by Fire Chief Frank J. Buscher, according to president Allen A. Olson.

Volunteers will continue their marking of fire hydrants throughout the district for easier location, beginning in March, Olson said.

They Speak Spanish For Refugee Crush

MIAMI (AP) — Many Miami stores now employ Spanish-speaking clerks and advertise in their windows "Habla Espanol" because of the thousands of Cuban refugees living here.

But one proprietor gave the practice a new twist. A sign in his window reads: "English spoken here."
